Summit Meet Looks Sure-Khrushchev

-Appropriations- House Ups VA Budget \$126 Million Cut From Other Agencies

Washington (AP) The House Monday trimmed 126 million dollars from an appropriation bill for several federal agencies but gave the Veterans Administration \$9,559,000 more than it had asked for.

The cuts were made in allotments for the General Services Administration, the Federal Aviation Agency, the National Science Foundation and the Office of Civil Defense and Mobilization.

The omnibus bill, which was sent to the Senate by voice vote, calls for total appropriations of \$6,457,800. The House Appropriations Committee had recommended a \$9,259,000 cut in the Veterans Administration budget for the year starting July 1. But the House ignored the recommendation and passed a series of amendments boosting the total even beyond what the VA had requested.

Teague Amendments
The amendments, offered by Rep. Olin Teague (D-Tex.), chairman of the Veterans' Affairs Committee, gave the Veterans' Administration \$5,039,044,000 compared with presidential requests for \$5,029,485,000 and the committee's recommendation for \$5,020,226,000. The amendments added \$3,373,000 for general operating expenses, \$14,579,000 for inpatient care, and \$886,000 for outpatient care.

Teague told the House the committee recommended cuts would have required a reduction in the Veterans' Administration field forces and would have affected services to ailing veterans.

Rep. Albert Thomas (D-Tex.), chairman of a subcommittee that wrote the bill, claimed the cuts were only nominal and would not deprive any veteran of necessary services. They would, he said, have prevented increases in medical fees to doctors.

Thomas made only a token fight against the amendments, asserting that he knew it was difficult for members to vote against additional funds for veterans. The non-record votes adding the money ranged from 73 to 40 to 70 to 55. There were no roll-calls.

Rocket Fuel Plant Asked For State

Washington (AP) — Nebraska's two Republican senators Monday asked the Army to give the state high priority in location of a plant to manufacture solid propellant fuel for missiles.

Sens. Roman Hruska and Carl T. Curtis, in a joint letter to Secretary of the Army Wilber M. Brucker, said Nebraska is entitled to such consideration because:

Missile launching bases will be located in Nebraska (Offutt and Lincoln Air Force Bases) as well as in the mid-west area; it would aid in dispersal of military installations; the state has large available tracts of land already owned by the government which are "highly suitable for such purposes."

They called Brucker's attention to the Nebraska ordnance plant near Mead, the Cornhusker ordnance plant near Grand Island, the Hastings Naval Ammunition Depot near Hastings and the Sioux Depot near Sidney.

Physicist Visits Here

Noted physicist and lecturer Dr. E. T. S. Walton, left, who will lecture on the Wesleyan University campus Tuesday and Wednesday was welcomed to the school by Dr. Vance Rogers, Wesleyan president. (Star Photo.)

Students Interested In Religion—Nobel Winner

Dr. E. T. S. Walton, recipient of the Nobel Prize in Physics in 1951, arrived in Lincoln Monday evening for two days of lecturing on the Wesleyan University campus.

A professor at the University of Dublin, Dr. Walton indicated that most of his talks would center around the topics of science, religion and the relationships between the two.

Dr. Walton, on a 6-week tour of 19 Methodist college campuses across the nation, noted that he found students here are very interested in religion just as they are very interested in education. "Since I have been doing most of the talking instead of listening to the students in this country I have had little chance to find out what they are thinking and how they compare with students in the British Isles," he said.

"I have the feeling however," Dr. Walton said, "that students are much the same in both areas."

Campuses Impressive
He also noted that he had been impressed with the fine campuses he encountered in his first 4 weeks on the tour sponsored by the Methodist National Board of Education.

A native of Ireland and the son of a former President of the Methodist church in Ireland, Dr. Walton was awarded the Nobel Prize for "pioneering work on nuclear transmutations by artificially accelerated particles."

Tuesday the visiting professor will tour the Wesleyan campus in the morning and then address the Lincoln Rotary Club at noon.

In the afternoon he is scheduled to hold informal interviews with physics majors and address a physics colloquium. At 6 p.m. he will

Geneva Results Not Paramount

West Wins First Round As Foreign Ministers Begin Negotiations

Moscow (Tuesday) (AP)—Soviet Premier Khrushchev says an East-West summit conference is expected even if there is no great progress in settling cold war issues at the Geneva foreign ministers' conference.

The Russian leader told a rally at Kiev yesterday that whether there are positive results at Geneva or not a meeting of the big four heads of government apparently will take place. His remarks were distributed today by the official news agency Tass and broadcast by Moscow radio.

Khrushchev said British Prime Minister Macmillan "has become an advocate of a meeting of the heads of government, while 'according to the information which we have, Mr. Eisenhower, too, is inclined to take the view that such a meeting is necessary.'"

Mentions de Gaulle
The Soviet premier told the rally that "President de Gaulle (of France), we have been informed, is also arriving at the conclusion that a summit meeting, at which a number of urgent problems could be solved, would be expedient."

"Of course," Khrushchev said, "not all questions can be solved at a single meeting. We want to solve all controversial or unsolved problems without war."

Dealing specifically with

the current foreign ministers' conference, which opened Monday, Tass reported that Khrushchev declared:

Expects Results
"We have prepared everything so that (Soviet) Minister for Foreign Affairs (Andrei) Gromyko could achieve positive results in Geneva."

President Eisenhower has said in the past he does not see much point in a summit conference unless progress is made at a lower level first. Similar statements have been made by other Western leaders.

Negotiations Begin

Geneva (AP)—The Soviet Union and the Big 3 Western foreign ministers plunged into cold war negotiations Monday night after colliding head-on over German participation. The West beat back a belated Soviet attempt to seat Communist East Germany as a full negotiator.

The U.S., Soviet, British and French ministers sat down at 5:55 p.m. (11:55 a.m., EST) in the ornate council room of the Palace of Nations for the first big power parley since 1955.

In a chaotic prelude, Soviet Foreign Minister Andrei Gromyko and the Big 3 ministers wrangled throughout the day over the 11th-hour Russian attempt to bring East Germany to the conference table.

Considering the East German regime a mere Soviet satellite, U.S. Secretary of State Christian A. Herter, British Foreign Secretary Selwyn Lloyd and French Foreign Minister Maurice Couve de Murville balked.

After a full day of cross-fire, they came up with this arrangement:

Representatives of the rival governments of West and East Germany will attend the conference sessions. They will sit at separate tables.

If either the West or East German representative wants to speak, the conference chairman will ask if any of the other Big 4 foreign ministers objects. If there are no objections, the floor will be given to the Germans.

The 4 ministers also swept aside a second dispute over the shape of the table where they will negotiate.

This dispute was resolved by an agreement to have one round table for the Big 4 ministers with two separate tables for the two German representatives. The two German delegations will be separated by a 3rd table occupied by the conference secretariat.

CAMPAIGNERS VISIT MRS. NIXON

Mrs. Richard Nixon greets two little campaigners for the United Cerebral Palsy 1959 drive as they visit her at her home in Washington. They are Marvin Fields Jr., 5, of Miami, Fla., and Paula Suter, 4, of Baltimore, Md.

Tennessee Cons Hold Hostages

150 Inmates Riot, Demand Meeting With Governor

Fort Pillow, Tenn. (AP)—About 150 convicts seized two guards at Fort Pillow State Prison farm Monday night and demanded a personal conference with Gov. Buford Ellington.

The men smashed windows and furniture, piled bunks and bedding against windows and threatened to kill their hostages if officers tried to subdue them.

In Nashville, the governor ordered Keith Hampton, commissioner of institutions, and Safety Commissioner Greg O'Rear to fly to the prison and investigate.

Their mission of Ellington said, "is to thoroughly investigate the situation and keep me informed."

Warden Away
Deputy Warden Allen Thomas said the prisoners, led by a 20-year-old serving a 3-to-10 burglary term, refused to say what brought on the unexpected revolt.

Trouble flared while Warden Joe Barfield was off on a trip to Amite, La., to pick up a prisoner. The rioters seized guards J.S. Voss, 49, and Hubert Neyman, 57.

The prison farm's call for help brought officers on the run. The Highway Patrol said over 15 cars were dispatched to the scene, in addition to deputies from neighboring sheriff's offices.

Fort Pillow is located near

Weatherman Promises Picnic Skies On Tap

Break out the picnic baskets, 'cause sunny skies will prevail over Nebraska—at least for Tuesday.

The weather man promises clear to partly cloudy skies for the state Tuesday. Increasing cloudiness is expected in the extreme southwest Tuesday night.

Temperatures are expected to range from the 60s in the northwest to the 70s elsewhere.

All Nebraska cities reported clear skies Monday with temperatures ranging from a high of 63 at Chadron to 77 in Lincoln.

Races Bet Tax Is OKd

Pari-Mutuel Levy Moves Ahead On Voice Vote

By Betty Person

A bill which would impose a 2% tax on pari-mutuel betting for the first time in Nebraska won a voice vote of approval from the Legislature Monday in its first floor test.

The tax is expected to raise in the neighborhood of \$600,000 annually which will go into the state's general fund.

LB658, introduced by Sen. Terry Carpenter of Scottsbluff, raises from 10 to 12% the amount the track will withhold from the bettors and levies a 2% tax on the gross wagers at each track over the first \$1 million.

A compromise amendment which provides that all tracks shall collect a 15-cent admission tax now required only of Ak-Sar-Ben track at Omaha, also was approved by a voice vote.

Exemption Debated

While the bill received an overwhelming voice vote of approval, debate ran hot and heavy for nearly an hour on a proposed amendment from Sen. John Aufenkamp of Julian to eliminate the \$1 million exemption.

The \$1 million exemption had been agreed to by the Revenue Committee for the purpose of protecting small tracks which reportedly are having a "rough time" meeting expenses.

Aufenkamp contended that "every better should pay the tax." He said LB658 started "originally as a revenue measure, but it has now been watered down until it won't raise very much money."

'Solution Attempt'

Carpenter vigorously opposed the amendment declaring that the bill was "not a victory for anyone," but that it was "an attempt to arrive at a solution to a highly controversial subject."

He urged that the bill "establishing the principle (of taxing pari-mutuel betting) which is the most difficult thing to do basically," be allowed to pass in its present form and be tried for two years.

Sen. Don Thompson of McCook said he was opposed to the principle of legislation which might "encourage gambling to raise revenue," and urged that lawmakers "proceed cautiously in this field."

He asked that the million dollar exemption be allowed in order to protect the small tracks.

The Aufenkamp amendment was defeated 32-9.

The remainder of the afternoon session was devoted to the issue of salary increases for various governmental officials.

Approved was LB404, introduced by Sens. David Tews of Norfolk and Stan Portsche of Lincoln, raising the deputy attorney general's salary from \$8,500 to \$9,500. The bill was amended to include \$500 increases for the deputies to the treasurer, auditor and secretary of state, making their salaries \$7,000 a year.

Judges Pay Debated

LB2, which proposes salary increases for the Supreme Court justices, the governor and district judges, was the subject of considerable debate.

Introduced by Sens. Tews, John Cooper of Humboldt and Joe Vosoba of Wilber, the bill originally called for increasing the Supreme Court judges from \$12,000 to \$16,000 and district judges from \$10,000 to \$14,000.

The bill was amended by the Salaries and Claims Committee to make the Supreme Court judges' salaries \$14,000, bring the governor up from \$11,000 to \$14,000 and place the district judges' salaries at \$12,000.

Sen. Aufenkamp succeeded, 24-17, in reducing the Supreme Court judges' salaries to \$13,000.

Action had not been taken on other pending amendments when the lawmakers adjourned for the day.

Bovey And Board Discuss Charges

Closed-Door Meeting Follows Appearance By Conrad

By Don Walton

The Board of Control met in closed session Monday evening with State Penitentiary Warden Joseph Bovey to air charges leveled at the warden earlier in the day by the governor's office.

The meeting between Bovey and the board lasted for some 3 hours but no decision was announced. A similar meeting is planned for Tuesday, it was disclosed.

The warden said following the Monday night session that he had no comment to make. Gubernatorial Assistant Robert Conrad, in an hour and a half conference with the 3-member board prior to the

meeting with Bovey, delivered a request from Gov. Ralph Brooks that the warden be fired.

The board then summoned Bovey to the Statehouse for a closed discussion.

Board Chairman Mrs. Catherine Martin told newsmen no final decision would be forthcoming Monday night.

The board, she said, would confer further on the matter Tuesday. It will take up the Conrad charges "point by point" with the warden, she noted.

Conrad told the board in a half-hour session opened to the press (followed by a hour-long meeting behind closed doors) that "there is a need for a change in the office of warden."

He said the "high standard" under which Nebraska institutions have been governed in the past is "not observed" at the Penitentiary.

Detailing the 5 general charges which Conrad listed (Continued on Page 2, Col. 5.)

Now It Inhales, Yet—

Weird Hole Whistles New Tune

By Bill Anderson

Lincoln's eerie hole-in-the-ground changed its tune Monday.

When the 6-inch diameter hole first materialized in their backyard, Mr. and Mrs. William Douglas at 4642 Pioneer Blvd. scratched their heads in bewilderment.

The hole was exhaling! In fact, the jet stream was strong enough at times to keep a small rubber ball suspended in the air.

The hole breathed again Monday, but instead of blowing air from its earthy lungs, it began to inhale.

"What is this?" they cried. It was puzzling enough when the aperture emitted soft blasts of air, but why had it suddenly

turned into an outdoor vacuum cleaner?

Mr. and Mrs. Douglas took the perplexing problem to geologists, who provided a complete, but simple answer.

The hole is the shaft of an old well, dug years ago but forgotten in the passage of time. Changes in atmospheric pressure cause the inhaling and exhaling. When a high pressure system is above the ground, air is forced down the shaft and if pressure above the ground is less than that in the hole, air comes up.

So the hole has lost its air of mystery and has become just another hole to be forgotten again. Maybe sometime in the distant future, it will puzzle other Lincolmites for a while. It might even start whistling Dixie.

the Mississippi River about 47 miles north of Memphis. It is a minimum security prison. Most of the inmates are in for relatively minor offenses and are not considered the tough "hard case" type.

Twining To Have Surgery

Operation Called 'Exploratory'

Washington (UPI) — Gen. Nathan F. Twining, chairman of the Joint Chiefs of Staff, will undergo an exploratory operation soon. The Defense Department said the surgery was called for because of suspicious findings from X-ray examinations of the military leader.

Officials said the surgery probably would be performed Tuesday or the next day and there would be no further announcement until after the operation.

Twining, 61-year-old Air Force general, entered Walter Reed Army Medical Center 8 days ago for his annual physical checkup. He was kept at the hospital when X-rays of his chest showed a need for "further diagnosis and study."

The Pentagon announced since then had proved "negative," but nevertheless "in an effort to determine the cause of the changes found in his X-rays, exploratory surgery is now contemplated in the near future."

Reappointed

Twining has been chairman of the Joint Chiefs, the nation's top-level military council, since Aug. 15, 1957. He was recently reappointed for a second two-year term by President Eisenhower.

The Pentagon said that Twining has been undergoing "special diagnostic procedures" at Walter Reed for the past week.

Former Secretary of State John Foster Dulles, suffering from cancer, and more recently a touch of pneumonia, and Gen. George C. Marshall, World War II Army chief of staff and former secretary of both the Defense and State Departments, also are at the big Army medical center.

Today's Chuckle

In a restaurant a wife turned to her ever-loving spouse and said: "All right, Elmer, when I want your opinion, I'll give it to you."

'Ward' Election Petitions To Get Check

1,788 Legal Signers Required

By Virgil Falloon

Petitions proposing a city charter amendment for election of the 6 city councilmen by districts for two-year terms was referred by City Council Monday to the Election Commissioner for a check of sufficient signatures.

If the petitions contain at least 1,788 qualified voters and are sufficient, the Council must submit the proposed amendment to a popular vote at the next special or general election.

City Atty. Ralph Nelson said the next special election could be called next May in conjunction with the 1960 presidential primary election.

Total Now 2,263

C. O. Blanchard, Lincoln watchmaker and unsuccessful council candidate, filed petitions with 262 more signatures bring the total number to 2,263 names.

"This total," Blanchard told the Council, "should allow at least 20% for shrinkage, but I will file more if needed. There is no immediate deadline."

Blanchard, who had filed the bulk of the signatures just one week before election, said he found "that the people want some type of geographical representation."

'Early Decision' Asked

He asked for an "early decision by the Council" on the petitions "in case there is the necessity for litigation."

Last year, the council found the wheel tax referendum petitions to be insufficient, but Blanchard successfully appealed the matter in the District Court.

While proposing a 6-district plan, Blanchard indicated he would go along with a compromise plan and suggested these possibilities:

Six council members with 3 elected by districts and 3 at large.

All 6 councilmen nominated by districts, but elected at large.

Blanchard said he filed some petitions before election "because I wanted the people to know I would support some geographical representation plan."

The petitions were described by Blanchard as "a one-man drive with a handful of people since last December."

District and a combination of district and at-large plans had been proposed before the City Charter Revision Committee last December, but the advisory group did not recommend any change from the present system in the 34 amendments voted upon last March 3.

The petition-proposed amendment would provide 2-year terms instead of the present 4-year terms on a staggered basis. Also council member salaries would be raised to \$20 per meeting from \$10, but the additional \$500 annual pay for the mayor would be retained.

Ex-Lincolnite

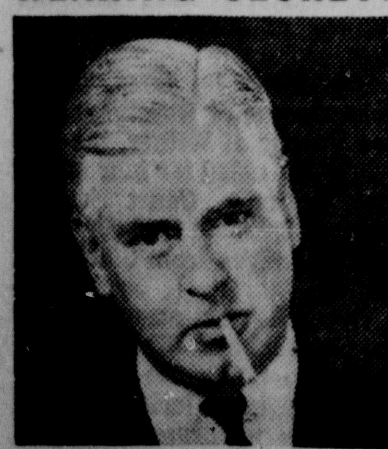

Found Dead In Wyoming Ditch

The body of Henry O. McCarty, 49, a former Lincoln resident, has been found in a ditch alongside a dirt road 3 miles from Laramie, Wyo.

Authorities at Laramie indicated that McCarty, who last lived in Lincoln in 1957, apparently came to Laramie on a bus last week and may have died from exposure and pneumonia after he was caught outside in a storm.

Police officials in both Lincoln and Laramie have been trying to locate the dead man's relatives.

HEARING SECRET!

This man is wearing the world's smallest hearing aid—BUT WHERE IS IT? He has a secret—it's worn ENTIRELY IN THE EAR. No cord, nothing worn anywhere else.

MRS. JUANITA KILLION

Nation's Top OES Officer Visits Here

The organization's top-ranking officer will be the honored guest at the state convention of the Order of the Eastern Star which opens Tuesday at Pershing Memorial Auditorium.

Mrs. Juanita Killion of Brantman, Okla., Most Grand Worthy Matron, is the international head of the 2 million member women's fraternal organization.

State officers, Mrs. Luella Regnier of Fairbury, Grand Worthy Matron, and Judge Herbert Ronin of Lincoln, Grand Worthy Patron, will preside at the ritualistic and business sessions of the 3-day meeting.

More than 2,000 delegates are expected to register for the meetings. Election of state officers will be held at a Thursday afternoon business session.

Texas OKs Johnson For President Bill

Austin, Tex. (AP) — Supporters of Senate majority leader Lyndon Johnson (D-Tex) got a Johnson-for-President bill through the Texas legislature Monday, but the senator had to take his lumps from legislative critics.

"Man in a gray flannel toga," state Rep. Bob Eckhardt described Johnson.

"I'm glad it helps you, Sen. Johnson, because it inconveniences everybody else in the state of Texas," said Rep. J. C. Zbrank.

The bill went to Gov. Price Daniel by voice vote. Daniel says he will sign it.

Primary Change

The tag "Johnson-for-President Bill" appeared soon after Johnson's supporters began pushing the measure which moves Texas' party primaries up 11 weeks. Johnson was in Austin for several days during the heat of the debate.

The shift of primary dates gives Johnson time to run for re-election before his expected final drive for the 1960 Democratic presidential nomination.

Advocates of the bill argue it is needed to modernize the primary system anyway. They contend it will increase voter participation.

Things to recall when you

Purchase vitamins

Whether it's a house-to-house salesman or some other unusual source of supply, when you are considering a purchase of vitamins here are some facts to remember:

Vitamins are medicinal preparations. They are made in different combinations. They come in different potencies. They have different purposes.

It is wise to be guided in the selection of vitamin products by professionals who are especially trained in medicine and pharmacy. That way you'll give your investment in health the protection it deserves.

LANCASTER COUNTY PHARMACEUTICAL SOCIETY

Strauss, Praised, Attacked

He Promises No Secrets From Congress

Washington (AP) — Lewis L. Strauss promised Monday he will never keep information from Congress for political reasons, if the Senate lets him stay on as Secretary of Commerce.

Strauss testified after hearing himself attacked and defended in the long drawn-out confirmation hearings before the Senate Commerce Committee. He was also praised by former President Herbert Hoover, in a letter.

Sen. Andrew Schoeppel (R-Kan) contended in bitter terms that the Democratic majority on the committee had installed a staff which has dominated the proceedings.

"We deplore this usurpation," Schoeppel said, adding:

"It is not too late to get this matter back on the tracks."

Insult

Sen. Ralph Yarborough (D-Tex) fired back that Schoeppel's accusation was a gratuitous insult to the committee Democrats.

Yarborough said Strauss has been given complete freedom to cross-examine witnesses, and added acidly:

"I've never seen witnesses treated harsher in my life." Hoover's strong letter of endorsement was read into the record at the conclusion of Monday's session at the request of Strauss.

Hoover, who was Strauss' employer beginning in World War I days, said in the letter:

"There has never been in our public service a man so unpolitical, so dedicated and so able in his tasks, as to command such approvals and commendations upon the completion of every task assigned to him."

Your carrier boy is forming habits now that will be important in later life. Your suggestions on ways he can improve his service will be appreciated.

Mentally-Ill Aid Proposal Now Law

A bill allowing mentally impaired persons to become eligible for aid to disabled pay, LB589, has become law without the signature of Gov. Ralph Brooks.

The bill, which includes a ceiling of \$200,000 on the amount which the state can spend each biennium for this type of relief, was introduced by Sens. Sam Klaver of Omaha, John Aufenkamp of Julian, and George Syas of Omaha.

The governor's administrative assistant, Robert Conrad, confirmed that the bill had not been signed by the governor.

Since the bill does not carry the emergency clause, it will not become effective until 3 months after the Legislature adjourns.

Navy Plane Crashes; 9 Of 10 Killed

Oak Harbor, Wash. (UPI) — Nine of 10 men aboard a Navy patrol bomber were killed Monday when the plane crashed and burned shortly after takeoff from the Whidbey Island Naval Air Station.

The one survivor, pulled from the burning wreckage by crewmen at the air station, was reported to be in critical condition.

Guild Gives Gift Of \$300 To Symphony

The Lincoln Symphony Assn. Monday received a gift of \$300 from the Lincoln Symphony Guild to support the concerts given each season for school children.

James MacLean, president of the association, meanwhile, announced that it had ended its fiscal year with a \$5,091 deficit. This, he stated, is an "excellent record" in view of the symphony's expanded program.

He said that the deficit would be made up through patron and sustaining contributions to the association.

BOVEY, BOARD MEET

(Continued from Page One.)

Last Saturday, the gubernatorial aide referred to a varied list of alleged irregularities, such as:

—possible misuse of public property for private purposes: Bovey keeps his own saddle horses in a barn at the prison and buys feed from the state.

—unsatisfactory business procedure: the warden uses "varying amounts of groceries whose use is of a very peculiar significance," including alleged over supplies of coffee and meats. (The warden is, by law, furnished by the state with "necessary fuel, food and light.")

—disregard for physical property to the detriment of the state and the prison population: the roof on Dormitory No. 3 at the prison needed minor repair, but it was delayed so long that it "deteriorated into major repair" while "the work report lay on his (Bovey's) desk several weeks."

Cost of Bridge Hit

The Beal Slough bridge at the prison "cost twice what it would have because the warden did not follow prescribed procedure," which Conrad later described as "engineering recommendations."

The second floor front entrance at the prison was remodeled for a mail room although "they've never been able to use it."

Repair of a cement walk was delayed even though "they couldn't run a cart across the broken walk to take hot meals to the guards."

—employee dissatisfaction attributable to inadequate personnel policies: starting salaries vary in the same position causing "some dissension."

'No Delegation'

There is "no delegation of responsibility at all" at the Penitentiary. "None of the employees have any authority

within their department," Conrad said.

There is also "a reported inadequacy of training program for incoming personnel."

—low inmate morale: "favoritism is a subject of considerable concern."

Among examples, Conrad said, are use of inmates for work around the (warden's) house, "special privileges on 'tuffs,' and with reference to coming and going from the prison grounds."

Penalties Said Varied

Further, there is "variation with reference to conduct required," Conrad charged. Inmates are penalized "in some degree for what they had been doing for weeks."

The book of prison rules, he said, is "not followed."

There is "a lack of contact with the warden," Conrad said. "He doesn't go into the prison yard. He was booed in the dining hall, and that wasn't the first time it happened."

Discussed Before

Mrs. Martin and Harold Peterson said the warden's grocery allotments had been "brought up" at board meetings.

They said starting salaries naturally vary in the same position, depending on previous experience. Starting wages for guards range from \$240 to \$260 monthly.

Lehman said he "doubted" there was any inmate "favoritism, as such."

Conrad said his private discussion with Bovey at which he requested the warden's resignation was "not, in any way, an attempt to circumvent the Board of Control" which has sole authority in hiring and firing.

The aide said Brooks thinks Bovey is "a nice fellow."

Further, he said, "in no sense of the word is there any political overtone" to the matter. In questioning board members as to whether they agreed with that statement, Conrad drew the following response from Mrs. Martin:

"Yes . . . but I still wish you'd come to us at the start."

Hunt For Miller's Body Is Given Up

Tecumseh, Neb. — Johnson County Sheriff Wilbur Lintz said the search for the body of 38-year-old Max Miller of Fairbury, who drowned May 3 in Baker Creek near Sterling, has been given up for the time being.

Miller, a milk truck driver, and his step-son, Jack Holmes, 11, drowned when a bridge on State Highway 41 detour collapsed during high water, under the weight of their truck. The boy's body was found by searchers Thursday in Baker Creek. Game wardens, State Safety Patrolmen and reformatory inmates had aided in the search.

Ash To Miss Last Meeting Of His Term

Veteran Councilman Pat Ash attended his last Council meeting Monday.

"I've been present at 399 out of the 417 regular Council meetings the past 8 years," he said, "but I'm going to miss the last one (next Monday)."

Ash, who was defeated for a 3rd term, told his colleagues he had made plans before election to be away that day.

Good Government

In a farewell statement, Ash said "some criticism of Lincoln's government has been justified, but all in all the city is getting very good government."

"If the businessman up and down the street runs his business as well as the city's business is run, he's doing a good job."

"If the people can be informed and know what's going on, then there is no problems. Sometimes they are not informed or do not inform themselves," he concluded.

Ash, who has served as councilman under 3 mayors, ran 4th in the city general election after a 2nd place showing in the primary.

Travelers Say: Soviets Aid Drive On Tibet

Calcutta, India (AP) — Soviet troops are reported by travelers from Tibet to have joined the Chinese Communists attempting to crush rebel tribesmen in that mountain kingdom.

Official confirmation is lacking.

Informants who described themselves as eyewitnesses said about 250 Soviet soldiers—white, blue-eyed and armed with machine guns—moved into the caravan center of Gyantse April 24 in a convoy that included some Chinese cavalry units.

Holiday Declared

The Chinese declared a public holiday in Gyantse, 100 miles southwest of Lhasa on a road to India, and school children were turned out to greet the black-booted visitors, these sources said.

The rebels are fighting mainly with made-in-Russia weapons either stolen or seized in action from Chinese troops.

State Guernsey Sale October 14

The annual Nebraska Guernsey sale will be held October 14 at the State Fairgrounds in Lincoln, the board of directors of the Nebraska Guernsey Assn. announced Monday.

The board, meeting in Lincoln, also said district Guernsey shows will be held from July 29-31 at Crete, Wayne and Wahoo.

During the district shows, 4-H and FFA members will compete in a Guernsey Gold Calf contest and the two top winners will be awarded calves later at the district dairy show in Blair, to be held the first week of August.

For Security and Peace of Mind After Retirement—the Living Trust

Merryle S. Rukeyser, noted financial writer whose column, "Everybody's Money," is read by millions, in his article in *The Lincoln Star* for May 6, 1959, emphasized how vital it is that plans for one's retirement program be realistic in dealing with the investment conditions now existing. On April 24 and on several other occasions this year, Mr. Rukeyser's column stressed the same important point.

In these articles Mr. Rukeyser referred to the investment advantages available through a Common Trust Fund operated by an experienced trust institution.

Naturally this was of particular interest to us because our Common Trust Fund, established November 1, 1953, was the first such fund in Nebraska. Although more than five years have passed, The First Trust Company of Lincoln is still the only trust company or bank in Nebraska which provides common trust fund service.

These articles of Mr. Rukeyser's were written for people nearing retirement age who are seeking financial arrangements most likely to provide economic security and peace of mind for their later years. The decline in the purchasing power of the dollar through the inflation that has already occurred, and the possibility of a further extension of this trend, increase the importance and the difficulty of planning for one's security after retirement.

Have you considered establishing a living trust with The First Trust Company as part of your own retirement program? Your living trust can be invested in our Common Trust Fund, with the diversification which only an investment pool of several million dollars can provide—or it will be separately invested if you prefer. You can change or cancel the agreement at any time.

You will receive the income, or can direct it be invested, and can change these instructions as often as you wish. You can withdraw part or all of the principal whenever you desire. You can authorize us as trustee to use income and principal for your benefit, thus assuring yourself that your needs will be met even though serious illness or accident prevented your exercising your right to withdraw principal. Finally, you can direct the distribution of the trust property remaining at your death.

Truly a most realistic and useful tool for your personal estate planning! The living trust provides an ideal vehicle for both the investment of your money and its use and disposition to your best advantage under whatever conditions the passing years may bring.

Remember, you don't have to be wealthy to gain the advantages of a living trust. We specialize in small trusts and they receive the same service and consideration as large ones.

We suggest that you talk with your lawyer and that you permit us to show you how living trusts are handled.

Consult Your Lawyer

The practical illustrations of estate and tax problems set forth in our advertisements necessarily are generalized. The information should be applied to specific cases only after consultation with your attorney, and in accordance with his recommendations.

Better Rocket Fuel In Production

Three Times As Powerful

Washington (AP) — The Air Force said it has established large scale production of a new rocket fuel nearly 3 times as powerful as present fuels.

The new fuel is liquid hydrogen, long available in limited amounts, but never thought adaptable to widespread use because of the difficulty in handling and storing it.

Hydrogen has to be cooled to 420 degrees Fahrenheit below zero to liquefy it and in a liquid state is normally highly unstable.

Details of the Air Force program that licked the problems were disclosed in a talk by Lt. Gen. Bernard A. Schriever, commander of the Air Research and Development Command, in Colorado Springs, Colo. The speech was made public at Andrews Air Force Base near Washington.

Purer

Refinements in the manufacture of hydrogen gas to make it purer, the manufacture of cheaper refrigeration equipment, and the development of specially designed and insulated tank trucks to transport the fuel all led to the success of the program, Schriever said.

Liquid hydrogen is now being produced in private industrial plants in Painesville, Ohio, Bakersfield, Calif., and Palm Beach County, Florida, Schriever said, but he did not indicate whether the fuel is now in use. No production figures are available.

Schriever said the use of liquid hydrogen as a rocket fuel will make possible substantial payload increases in the upper stages of missiles and rockets.

"These applications, along with use in nuclear rockets, signify missile and space capabilities considerably beyond the horizons of pre-liquid hydrogen technology," he said.

5-Man Crew

Does Splice Job; Robins' Nest Safe

Hartford, Conn. (AP) — Workmen chopped away the foundation of mother robin's home, but made sure her nest and her young 'uns went unharmed.

Mother Robin had picked an old wooden light pole to set up housekeeping. An unsuspecting 5-man crew came by with the intention of knocking the pole down. But they spotted the nest, and with Mother's Day fresh in their minds, the workmen came to a decision.

They carefully sawed off the top of the old pole, and lashed it firmly to the top of the new one.

Not a fledgling fell. And the top of the old pole, nest and all, will remain lashed to the new pole until mother robin decides to pull up stakes.

Not A Hoedown—Just A Fashion Show

No, these girls aren't getting ready to do a good ol' fashioned hoedown. They're merely putting on a fashion show of the clothing worn in days gone by. The fashion parade was part of an hour-long show put

on at the Centennial Mall stage Monday by eighth graders at Blessed Sacrament School, who worked up the show as part of their "Know Nebraska" course. (Star Photo.)

Ogier On Board Of Wisconsin Electrical Co-Op

Paul Ogier of Wallace Monday was renominated to the board of directors of the Wisconsin Electrical Co-operative, a 13-state organization serving some 33 Nebraska electrical co-ops.

Ogier, who has just completed a one-year term on the WEC board must be formally approved by delegates at the groups annual meeting later. Only one director serves from each state in the organization.

The meeting was held in Lincoln for Nebraska members of the WEC. H. C. Melby of Westby, Wis., president of the WEC Board, presided. W. V. Thomas, WEC general manager, also attended.

Hearing On 16th And South Liquor Permit May 25

The City Council has scheduled a May 25 public hearing on the application of Leroy Baughman to transfer his package liquor license from 245 So. 9th to the southeast corner of 16th and South.

The Council's established policy has been keeping beer and liquor licenses within the police foot-patrol area in the downtown business district.

ALGERIANS CLAIM BIG FRENCH TOLL

Cairo (AP)—An Algerian provisional government spokesman said Algerian rebels killed 249 French soldiers and wounded 73 in the first 8 days of May.

He reported 50 French soldiers deserted and went over to the rebels with their arms. Rebel losses were not announced.

Education Group Hears 3 Reports

At an informational session Monday members of the Nebraska Council for Better Education, citizens group interested in educational standards, heard reports from 3 educators.

Dr. K. O. Broady, director of extension work at the University of Nebraska stressed the importance of the NU correspondence courses which extend to all parts of the world.

Dr. Gaylen Saylor, University of Nebraska professor of secondary education, showed slides on Germany and discussed the rebuilding of the German economy since 1950.

Dr. Don W. Twiford of the State Department of Education reviewed Nebraska's participation in the National Defense Act aid in the fields of guidance and counseling.

At a luncheon following the Lincoln meeting, the Council had as guests State Sens. George Syas of Omaha, Ray Simmons of Fremont, and H. K. Diers of Geneva, and Dr. Freeman Decker, State Commissioner of Education.

Glenn Cramer of Albion, president of the Council, presided.

Big Survey Job

Ottawa (AP) — The Canadian and U.S. Navies have teamed up to carry out ocean surveys at 3 points on Canada's east coast. A Navy spokesman said the work will cover two areas off Cape Breton and one near Newfoundland.

MALL DRIVER FINED FOR DRUNK-DRIVE

A 17-year-old Omaha boy who toured the Centennial pedestrian mall in his car early Sunday morning pleaded guilty Monday in Municipal Court to drunken driving.

Lawrence D. McPhillips was fined \$100 and had his driver's license suspended 6 months by Judge John Jacobson.

Police said McPhillips drove onto the mall at 12 and O, drove west to 11th and O, made a U-turn and started back but was arrested before he completed his return trip. Only damage to the mall's sod was reported.

Retired Employees Feted

Dewey DeBoer, general manager of the Nebraska Public Power System, was the speaker Monday night as the NPPS honored two recently-retired employees at the K Street plant—August Sinner, first fireman, who retired after 39 years' service, and Martin H. Hitchcock, second fireman, who retired after 32 years.

A Tight Spot

By WILLIAM O. DOBLER

The Democratic administration of Gov. Ralph Brooks has perched itself right on the end of a long limb. It is now called upon to produce the facts in the case of Warden Joseph Bovey or have the limb sawed off behind it and dashed rudely to the ground.

Quite naturally, the political partisans have taken an early stand in this matter, without knowing many of the facts. In some quarters the governor has been condemned for many things and in others he is held clean and pure. Neither extreme is likely to be true. The big issue is whether the governor and his administrative assistant, Robert Conrad, can show sufficient cause for their request to Bovey to resign his post. If they cannot show sufficient cause, the move is a political one, is entirely out of place and should be universally condemned.

But before this is done, Gov. Brooks should be given every consideration by the Board of Control. To date, the board has defended Bovey and this is all right, so long as the minds of the board members remain open to the testimony that comes from the governor and Conrad in this matter.

The board should be careful not to get itself into a prejudiced position before it has heard each side of the case. If a factual indictment of Bovey's administration can be sustained, there can be no criticism of Brooks' action. If the other possibility represents reality, then a substantial political error has been made and the welfare of the state seriously damaged.

At this point, a few things can be said to help clarify the atmosphere. For one thing, Bovey's appointment by former Gov. Victor E. Anderson was considered political at the time it was made — a reward for faithful party work in behalf of Anderson. Secondly, Bovey, former buildings and grounds superintendent at the Capitol Building, was not considered as qualified for the post.

Education Standing Poor

According to 1959 ratings by the National Education Association, Nebraska has little to crow about in connection with its educational system. The state ranks generally high in those things which might normally be considered liabilities and ranks low on those things which would be considered assets.

The educational level of its population, the salaries of its teachers, the training of its teachers and its per capita expenditures per pupil are all among the lower states in the Union. The only thing on which the states apparently were not rated was the finished product — the capability of the students turned out by this educational system.

The logical assumption on the basis of our standing in all categories would be that our rating on the finished product would not be too good. This, of course, could be just the opposite but the figures show that the state has a lot of work to do on its school systems. Not necessarily

In view of this, Bovey's question as to where a qualified penologist to replace him will be found is rather out of place. It would not be difficult to find someone who is as well qualified for the post as was Bovey when he was given the job.

On the other side of the ledger, Bovey was appointed only after the previous warden had left under the pressure of controversy and conflict at the institution. This is not the case today. While Bovey is not a trained nor particularly well qualified penologist, his four years as head of the Penitentiary have been relatively peaceful ones for the institution.

He has had a tendency to operate the institution in too guarded and secretive a fashion but his problems have at least been small enough that he could get away with this. There have been no violent outbursts by the inmates of the pen and no outward signs of trouble within the walls, except for the riot and fire episode just a few months after Bovey took office in 1955.

It is difficult to see how Gov. Brooks or Conrad will be able to prove differently. If anything substantial by way of inmate difficulties has been present within the pen, Bovey has done a remarkable

job of keeping it quiet. The fact that the warden's position should not be political hardly needs to be pointed out. There would be nothing but trouble and waste of both human lives and money if the job becomes a political plum. Legally, it cannot, as the institution and its head are under the Board of Control. It would be even more disgraceful if the Board of Control system were so weakened by pressure as to permit the warden's job to become political.

But the final answer to all the questions in this issue rests with the case Brooks and Conrad make to the board and the way the board handles the matter. There is simply insufficient evidence to date on which to make a final decision on the wisdom or folly of the move to oust Bovey.

No Place For Politics

"Some Of You Still Seem To Have The Old-Fashioned Idea That We're Supposed To Deliver The Mail"

DREW PEARSON

Secretary Herter Defers To French

WASHINGTON — New Secretary of State Chris Herter is ignoring the advice of subordinates at his first big conference—which opened in Geneva yesterday. They urged him to dominate the conference. But he won't.

He has decided to bow to French Foreign Minister Couve de Murville, let him speak for the West. Herter's advisers consider this a mistake, but he says it's better to let France, a smaller country, carry the ball instead of the U.S.A.

Best diplomatic advice is that our Foreign Minister Gromyko has instructions to be polite, cordial, and agreeable. Without budging from any basic policy, Gromyko hopes to continue the present policy of "smile." Khrushchev has his heart set on a summit conference and wants nothing to disturb it.

He also has his heart set on coming to the U.S.A. Last week when Ambassador Llewellyn Thompson called on him to discuss the 11 missing American fliers, Khrushchev remarked that since Nixon was coming to Moscow to open the American Trade Exposition, what would the United States think about his coming to New York to open the Soviet Trade Fair at the New York Coliseum?

Thompson side-stepped, said he would have to consult the State Department. But, offhand, he explained that it would be difficult, because of the problem of protecting Khrushchev. In Moscow, he pointed out, the Kremlin could clamp down a tight security guard around Nixon with no complaints from irate citizens.

DORIS FLEESON

Majority Of Demos Are 'Still Looking'

WASHINGTON — The lack of emotion generated by the personalities and campaigns, tentative as they may be, among the current Democratic front-runners, constitutes the greatest threat to the success of any of them.

The Democratic faithful in general are looking with indulgence on the preliminary efforts of Senators Kennedy, Humphrey and Symington. Yet the emotional commitments which make for loyal and devoted followers are curiously lacking.

In the hope that they could make their appeal all-inclusive in the Democratic party, all three have blurred positions which might have made strong enemies. In doing so they have also deprived themselves of some possible strong friends. Nobody has won that way lately.

Sen. Symington, whose supporters are gum-shoeing around more than meets the public eye, is being presented either as the man who could best unite all sectors of the party or a candidate who would be "mighty easy to take."

Sen. Humphrey is being profound on so many subjects that it is proving difficult to absorb one speech or statement before another is tripping on its heels.

Sen. Kennedy, whose youth and charm easily arouse the mother instinct — a dangerous thing in politics — is busy proving himself serious and able.

whose candidacy is still officially sub rosa, will indeed start out with well-defined sets of proponents and opponents. Outside of Texas, these will be limited largely to the experts. Despite his power in Washington, not much of the public knows him well enough to have made up its mind about him, for or against.

This curious situation obviously has left room for other entries. This is the hope of Adlai Stevenson's supporters who still feel deeply about their hero, despite his two defeats. Unquestionably those defeats may have added to the feeling. Anyone who doubted the Stevenson hold on many Democrats would have had his doubts removed by the reception of the little Stevenson speech at the Truman birthday parties.

The nagging doubt still remains, even among his ardent supporters, as to whether Stevenson, on the basis of his record as a candidate, can still achieve nomination — or win if he did.

It is a long time until Los Angeles and the lists will stay open. There is no guarantee whatever that the convention's eventual choice will come from the present entries.

There can be no doubt that much of the party is still in a searching mood, looking, it is clear, for a candidate with at least a touch of greatness.

LA VERA HASSLER

Patchwork Prairie Country

Our area has been drenched with moisture. In fact, I was out in the storm when the drenching took place, trying to get the last five miles home. Fortunately I was on the highway where traffic moved at a snail's pace while headlights glowed dimly through the driving sheets of rain.

The wind rocked the car and more than once I thought of driving off the highway where I could wait until the rain subsided. Cars were behind me and cars were before, so how could I pull out of the lane of traffic, and besides I didn't want to be the only coward in the lot. Not only that, but I would be stuck up to the hubcaps if I left the hard surface.

The car continued to rock like a cradle while I vainly wished for an ejection seat that would send me hurtling through the air to a safe landing in our back yard. But not being the pilot of a jet where such conveniences can be had by the flick of a switch, I decided to employ some of the pioneer spirit I had read about. Now, just what would a rugged prairie woman do if she were caught with her team and covered wagon in such a storm? She would crack the bull whip over the heads of her wily beasts, brace her feet, and dash headlong into the storm headed for the nearest shelter. She would be soaked from her starched bonnet down to the last layer of petticoats but that old fighting

spirit would be there, thought I. So, gripping the steering wheel a bit firmer, I forged ahead while the windshield wipers failed miserably to keep the rain from blurring my vision at times. In fact, I needed windshield wipers to keep the windshield wipers clean.

When I drove into the yard, The Farmer couldn't see the end of the lane, which really didn't make any difference as he wasn't going anywhere, anyway. I sat in the car until the storm abated, then I made a dash for the house while The Farmer stood holding the door wide

open so I would come somewhere near the entrance of the house. Rain and wind in the face make for blurred vision, I discovered.

"Aren't you surprised to see me?" I asked, after I decided my pioneer spirit had been overworked.

"No," he replied. "I figured you would barge right into the thick of the storm, but I wondered which stream you would come floating in on."

Our one Bartlett pear tree looked like a bride gown in the purest white with its hundreds of blossoms. It stands tall and graceful on the green carpet of the orchard. Never have I seen a tree so completely covered with flowers, delicate as lace netting wrapped around in gentle folds.

But when the rain had subsided, not a blossom was left.

This morning the cherry trees burst into bloom, but there will be no peaches. This will be the first time for seven or eight years that the trees have failed to bloom. The white peach trees are in bloom, however, but not like previous years. We will not be slighted on fruit for the apple trees are striving to make up for the loss.

If ever an orchard looked beautiful, it is at this time of year when in full bloom. I will not disturb the solitude of new buds unfolding, for each one holds so much promise.

Your Four Cents Worth

Brevity in letters is requested, but length in itself will have no bearing on publication. Writers are advised that needless detail and repetitious matter will be edited out of letters. Too frequent contributions from one person on the same subject may be rejected. All letters must be accompanied by writer's true name, but may be submitted for publication under a pen name or initials. However, letters will be printed under a pen name or initials only at the editor's discretion.

LB544

Lincoln, Neb. Star readers might like to know these facts:

(1) LB544, now before the Legislature, gives every county board power to erect county buildings without limit as to numbers, kind, or cost.

(2) To pay for these buildings, the county boards may levy a special tax, limited to \$10,000 for one building, "except from funds collected under Chapter 77, Article 1." That exception means that the county board may spend the moneys accumulated from inheritance taxes without a vote of the people.

(3) In Lancaster County the inheritance tax fund is about half a million dollars. According to law, this sum may be used to reduce property taxes. If so used, it would reduce our property taxes appreciably. But LB544 gives authority to use it for something else, specifically without voter approval.

(4) Furthermore, LB544 has no time limit. County boards for years without end may spend tax money without a vote of the people, if this bill passes.

We are not offering any opinion at the moment on whether the county needs new buildings or not. We wish to point out that any law which permits the spending of the people's money without the people's vote is un-American, dangerous, and wrong.

All voters who see the danger and wish to prevent the passage of LB544 should write the various senators without delay, especially Senators Liebers, Orme and Porsche, the representatives from Lincoln.

WINNIFRED LEWIS
Citizens' Movement for Human Rights

Whipping Boy

Blair, Neb. This citizen says "amen" to your fine editorial of last week, "Labor Issue Settled." Sen. Simmons has played as much politics with this legislation or more, than has Gov. Brooks.

The bill which outlaws the secondary boycott is not a good nor a sound bill. It is a sort of "hate organized labor thing. Personally many of us do not like nor approve of "secondary boycotts" as such. Nebraska hasn't had any major management-labor difficulties in some years, outside of some trucking industry problems. Why not get down to working together for all Nebraska?

We think that Sen. Simmons may find that he will experience more difficulty than he can now envision, using his leadership in the "punish organized labor" movement in the Unicameral as a base to launch his drive for Congress in the Third Congressional District. The folks up this way will want to know just what kind of a fight he has been wag-

ing in the interests of agriculture.

What is Don Devries talking about when he screams: "Brooks playing up to the labor bosses." Gordon Preble, head of organized labor, has probably supported more Republicans on the state level over the past 20 years than he has Democrats. Actually, just how many labor votes can anyone deliver in Nebraska? Some of us are getting sick of this making labor a whipping boy — and just for political prejudice.

DEWEY NEMETZ

Public Property

Lincoln, Neb. Robert Culp, the beloved "Hoby Gilman" of television, definitely and unapologetically goofed when he landed at the airport and ignored the children gathered there to welcome him. One made by and belonging to the public must display a certain courtesy, regardless of what private reason he may have had to the contrary. To have turned and waved would have sufficed.

At any rate, he gave delighted pleasure to the children of the hospitals and those who besieged him for autographs at the auditorium. One could have understood had he fled his enthusiastic admirers.

ANITA CLARK

Strauss Appointment

Amarillo, Texas. Once more this Sahara Admiral Strauss is thrown in our face.

GOP congressmen are pulling all their foul tricks to get this proven enemy of the American people shoved down their throats. If they can get congressional confirmation, then this evil process should be stopped. Just about anybody can be confirmed, regardless of the putrid facts that accompany the nominee.

When everybody knows he has told nearly everything but the truth and was a big

factor in trying to put over the Dixon-Yates fraud on the people, together with the fact that he with Sherman Adams was responsible for cheating the people out of the Hells Canyon dam, it would seem that the Joe Smiths should have had more than a bellyful of Strauss. If he makes the grade, we should do away with deportation laws and all such.

Racial Integration Supporters Urged To Seek 'Obtainable Objectives'

Washington (AP) — An administration official advised supporters of racial integration to seek limited and attainable objectives for the present.

This official, Deputy Atty. Gen. Lawrence E. Walsh, spoke to 400 delegates at a conference of 22 church groups.

There is no use asking at this time for a Fair Employment Practices Committee like that which operated during World War II, Walsh said. "The reality is that

Congress will not approve it," he reasoned.

The Justice Department official urged support instead for a bill which would give congressional recognition to the President's Committee on Government Contracts. Vice President Nixon heads it.

Hearings Proposed

Along with this, he said the committee should have an appropriation of its own, a staff, and the power to hold hearings on job discrimination cases.

The committee's function is to get compliance of clauses contained in all government procurement contracts providing that work on government-paid orders shall not involve job discrimination based on race, color, creed or national origin.

"If we get this recognition and support," Walsh said, "we can do twice as much as in the past to prevent discriminations in employment on government contracts."

Restraint also is needed, Walsh said, in dealing with the question of whether Congress should authorize the federal government to bring suit against school districts which continue to discriminate on racial grounds.

Stronger Impact

He said the administration

has determined the impact on public opinion would be more favorable if the federal government continued to let a child or his representatives initiate the suits.

"We must not seek what we cannot get," Walsh counseled. "We must try for the best legislation that is attainable which comes closest to solving the problems before us."

John Roosevelt, New York investment banker and son of the late President Franklin D. Roosevelt, told the conference that job discrimination not only is morally wrong but is a menace to the country's economy and security.

Wants Negroes Armed

New York (AP) — A suspended official of the National Assn. for the Advancement of Colored People advocated that southern Negroes be armed to defend themselves in interracial conflicts.

Robert F. Williams, 34,

president of the Union County, N.C., branch of the NAACP until he was suspended by the national organization last week, was interviewed here at a news conference.

He was suspended for advocating violence in the South's racial conflict. The NAACP said it has always opposed violence.

"Negroes, as a matter of forethought, must be ready to carry arms to combat violence," Williams said.

Blair Phone Firm Gets OK To Borrow \$42,000

The State Railway Commission has authorized the Central Nebraska Telephone Company, Blair, to borrow up to \$42,000.

The commission also gave the firm authority to execute and deliver a loan agreement, interim notes or demand notes and to mortgage its property.

Howard Chapin To Head NU's Alum Roundup

Howard A. Chapin III, assistant secretary of First Trust Co., will be general chairman of the University of Nebraska alumni reunion — the Roundup.

Chapin, a 1944 NU graduate, served as vice-chairman of the 1958 Roundup.

Leo P. Beck Jr. will be vice-chairman.

Chapin

Palmer Girl Wins Temperance League State Essay Contest

Joan Brown of Palmer was named statewide winner of the Temperance League of Nebraska essay contest.

Also a state zone winner, Miss Brown received two \$50 bonds for her contribution, "Truth and Consequences of Social Drinking."

Administrative Assistant Robert Conrad presented the awards.

Other zone winners: Carolyn Wagner, Waco; Ronald Dean White, Kearney; and Connie Rosenberger, Hemingford.

RABBI HAROLD STERN

Rabbi Stern Heads Clergy Fellowship

The Lincoln Ministerial Fellowship Monday elected Rabbi Harold I. Stern of Congregation Tifereth Israel president for the coming year.

Rabbi Stern succeeds Dr. Frederick A. Roblee of Westminster Presbyterian Church.

Others elected included Dr. L. R. Davis, pastor of Trinity Methodist Church, vice president; and Dr. Theodore Johnson, pastor of First Lutheran Church, secretary-treasurer.

The election took place at South Street Temple where the Fellowship holds its annual institute.

Dr. Jacob J. Petuchowski of Cincinnati, O., professor of rabbinics at Hebrew Union College, was the guest lecturer.

Knock On Wood; Taming Of Shrew To Try Tuesday

The University of Nebraska Theatre, will try to prove that the third time is the charm Tuesday night when the Theatre cast will present "The Taming of the Shrew," at 8 p.m. on the center stage of the O St. mall.

The production of "The Shrew" was rained out Friday evening for the second time on the mall.

While the cast have been anxiously looking forward to presenting the performance on the outdoor stage, provisions have been made to give the play Tuesday, rain or shine.

In the event of rain, the program will be moved to Howell Theater, 12th & R.

Today is Tuesday, May 12, 1959

Red missiles could destroy us tonight!

In The Saturday Evening Post this week you'll read a bold, blunt warning by Post Editor Stewart Alsop on the appalling danger that confronts our country today. You'll be given a stark look at the world's race for missiles (as seen through the eyes of Nikita Khrushchev) — and learn:

- why the Reds are so cocksure they now hold the balance of power.
- how their missiles could conceivably wipe out the U.S.—and even destroy our power to strike back.
- the frightening truth about our own "highly touted" missiles.

Here's a shattering report that concerns the life — and death — of every American. Be sure to read "Our Gamble With Destiny."

It's a wonderful week in the Post . . . 8 articles, 4 stories, 2 serials, many cartoons and exciting photographs.

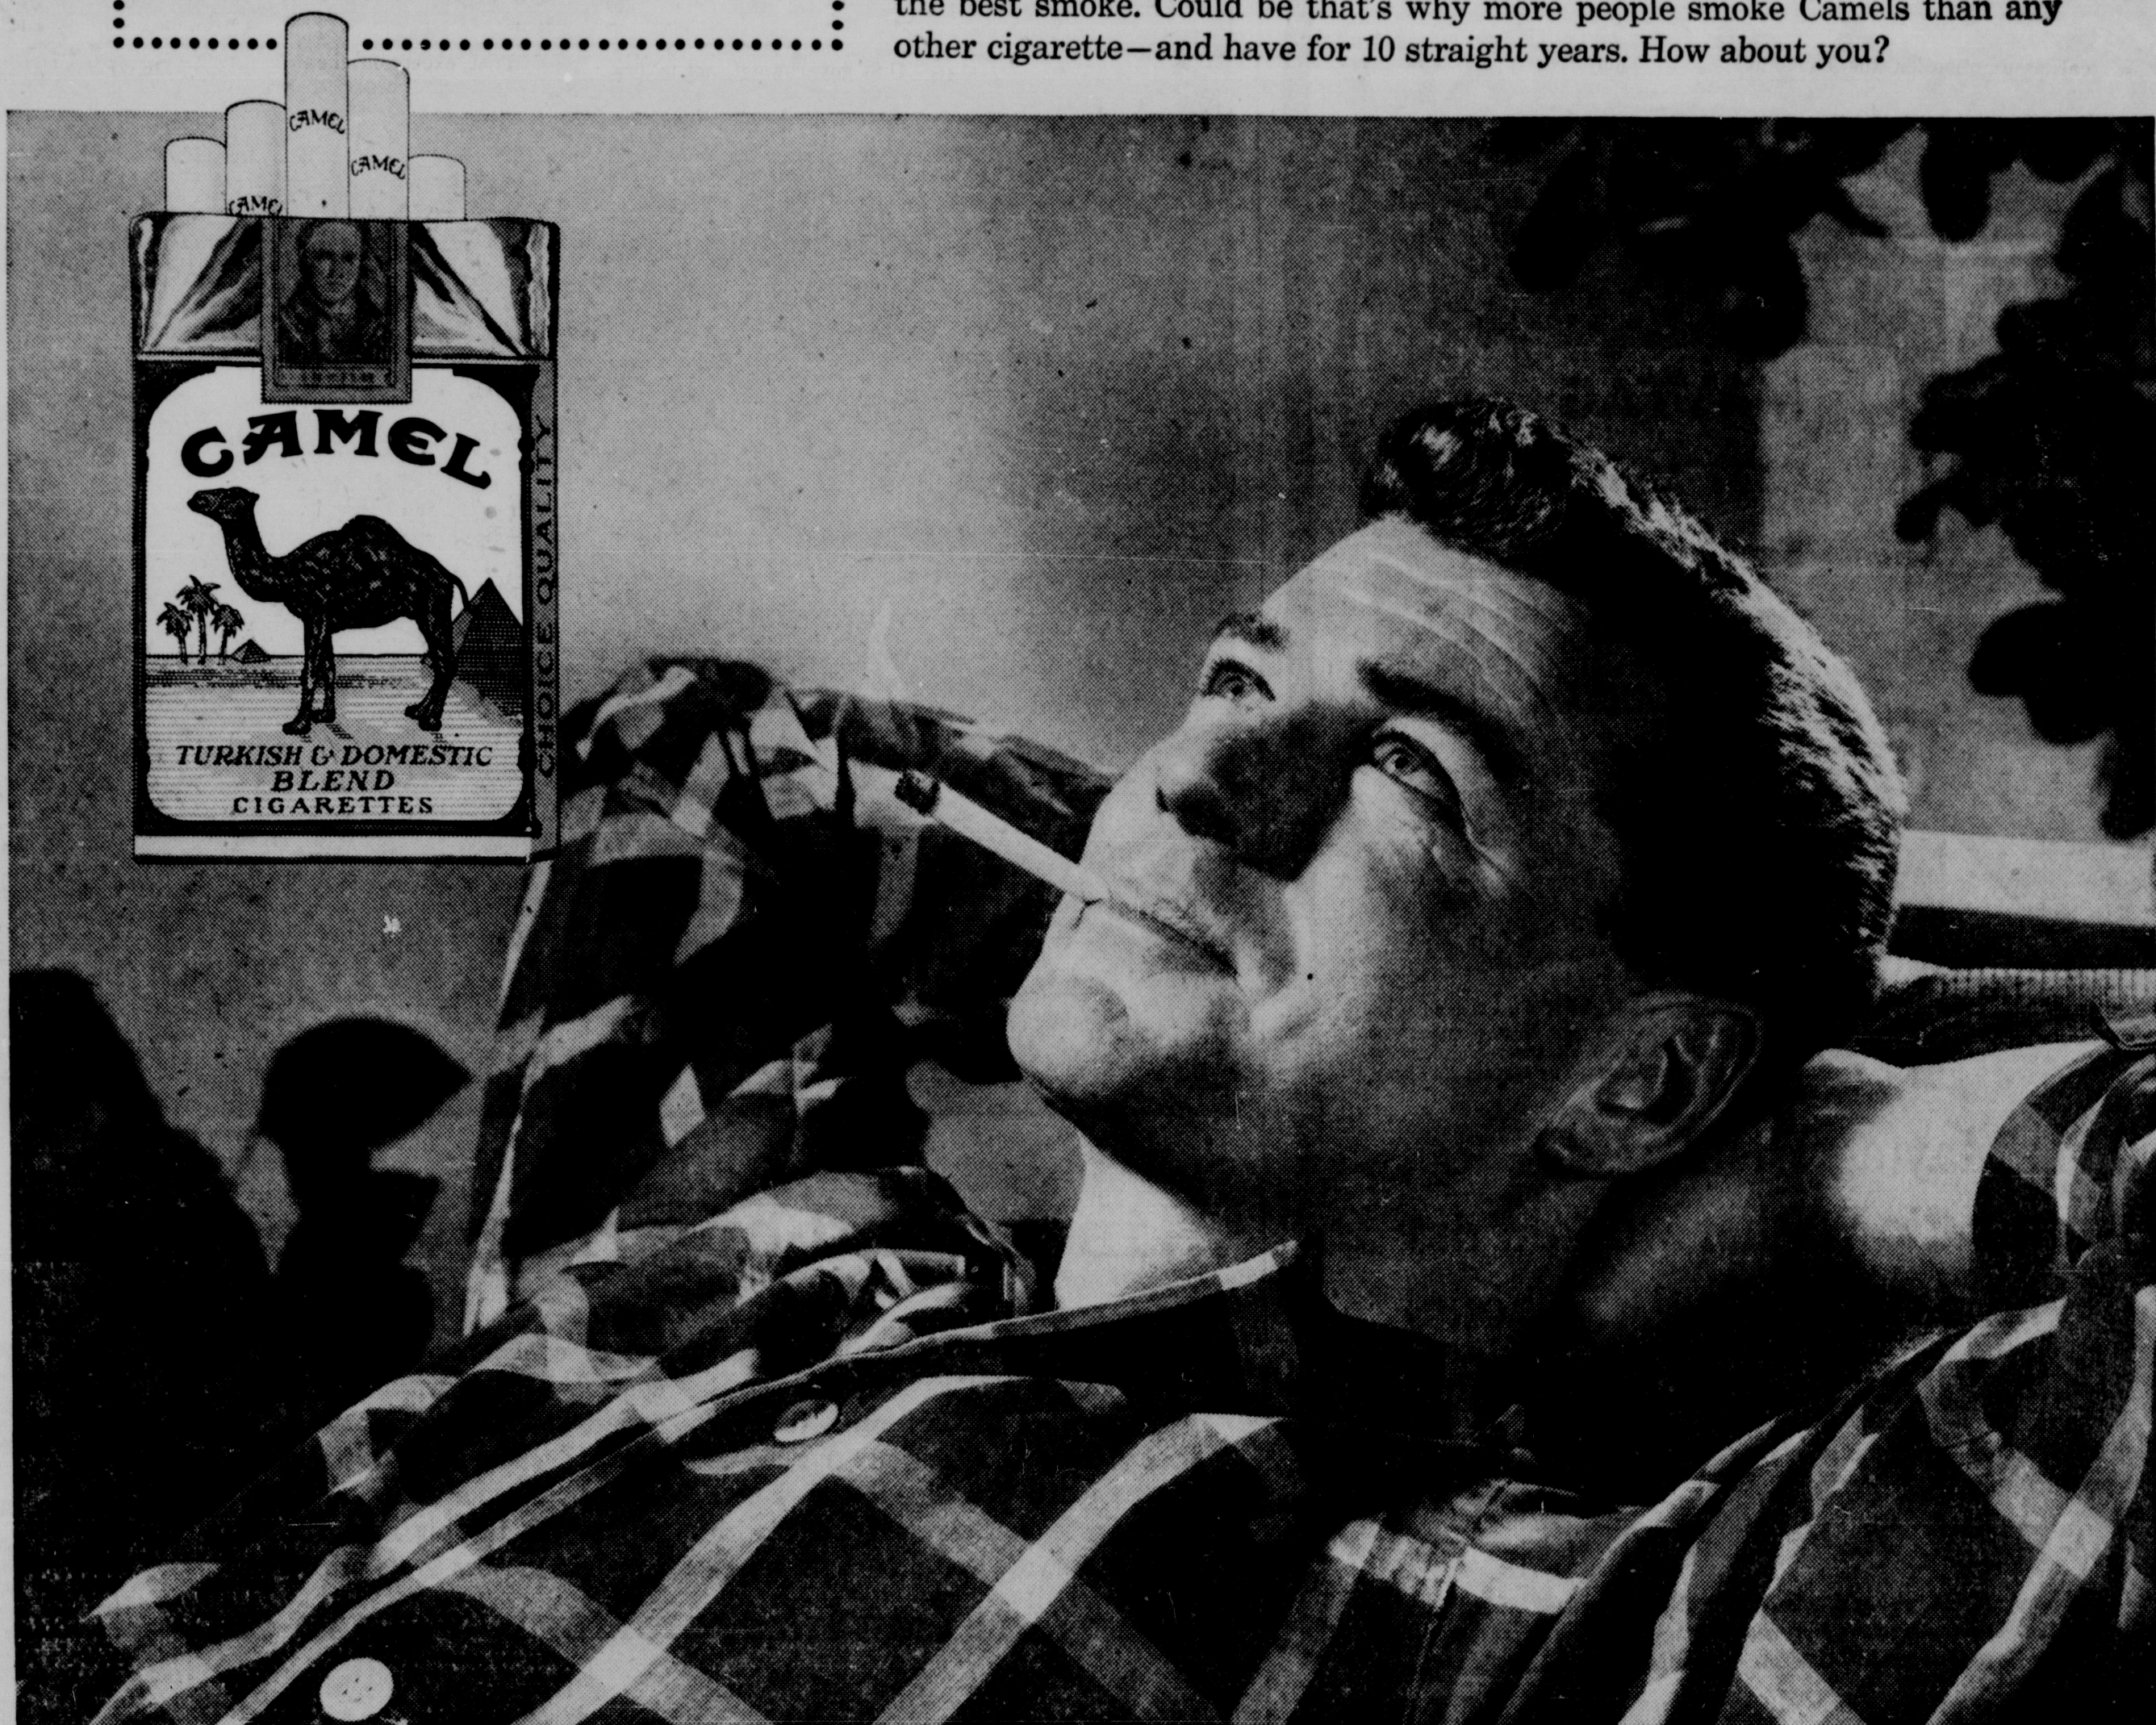

Get your copy today — wherever magazines are sold!

If you're smoking more now but enjoying it less... CHANGE TO CAMELS-A REAL CIGARETTE

The best tobacco makes the best smoke

First thing you'll notice is how much more satisfying each smoke becomes. The full, rich flavor of Camels tastes clean and fresh every time. And that easygoing mildness gives you more to enjoy. No other cigarette equals the Camel blend of costly Turkish and domestic tobaccos. The best tobacco makes the best smoke. Could be that's why more people smoke Camels than any other cigarette—and have for 10 straight years. How about you?

R. J. Reynolds Tobacco Company, Winston-Salem, North Carolina

HAVE A REAL CIGARETTE—HAVE A CAMEL

Terry To Ask Legislature For Full Probe Of Highway Dept.

The Legislature will be asked this week to authorize a complete investigation of the State Highway Department.

Sen. Terry Carpenter, Scottsbluff, said he will introduce a resolution this week asking the Legislature to set up a 5-man committee to conduct the probe.

The resolution will ask that \$15,000 be appropriated to finance the investigation and that the services of the attorney general's office be available to the committee.

The purpose of the committee, he said, would be to go into and study the functions of the department and the State Highway Advisory Commission.

To Check Jobbers

One of the things he wants to look into, Carpenter said, is the placing in the role of a

mitter should check, he said, are the functions of the department and the advisory commission, letting of contracts, types of paving, maintenance procedures, the qualifying of contractors, and the hiring of consulting firms.

"I think the investigation would take the best part of 6 months," he said.

Nothing Illegal

Carpenter said he does not contend there is anything illegal in the present operations of the department. He said it was the system that has developed over the years about which he is concerned.

Another practice with which he is concerned is the hiring of consulting engineering firms and appraisers.

"I don't see why we can't do that," he said. "Why not build up our own department?"

The \$13,500 annual salary of the state engineer is not enough to hire competent men to spend \$200 million a biennium, he said.

The employees are underpaid and overworked, according to Carpenter "and they ought to be paid what they are worth."

State's Idle Funds Jump Since 1940

State funds lying idle in Nebraska banks jumped from \$400,000 to nearly \$4,500,000 in the last 20 years, a United Press International study showed Monday.

The increase was registered since the bank interest law for state funds was repealed in 1935. The number of banks holding these state deposits jumped from 37 in 1937 to 192 last Dec. 31.

Eight days after the law was repealed, a state auditor's report showed the state had \$388,650 in non-interest-bearing accounts.

Last Dec. 31, the state had \$4,490,950 classified as "open accounts."

The late Ralph Hill, Republican treasurer from Jan. 6, 1955, until his death last July, made the most such deposits. State audits show that Hill increased idle deposits in banks from \$1,685,700 when he went into office to \$4,398,200 at the time of his death, an increase of \$2,712,500.

His widow, Bertha I. Hill, who was appointed by former Gov. Victor Anderson, increased the deposits by \$92,750 to \$4,490,950 during her 6 months in office.

Treasurer Richard Larsen, a Democrat, has not increased this amount since taking office.

"At the present time I am

closely examining all accounts with the intention of so handling the funds of the state of Nebraska that the people receive the greatest benefit possible," he said.

Attempts this legislative session by Governor Brooks to get a bill passed requiring a 3% interest rate on state money failed. The bill was killed in committee.

The legislature appears to prefer LB131, which would set up an investment board to tell the treasurer how to invest excess funds.

In supporting the governor's bill, Administrative Assistant Robert Conrad said the state could derive considerable revenue from interest on open accounts.

Conrad told UPI that the governor feels the open accounts should be left in community banks to bolster the local economy, but the banks should pay interest, as they did prior to repeal of the interest law in 1935.

Mrs. Hill withdrew accounts from the Farmers State Bank at Ewing and Corn Growers State at Murdock, and placed deposits in 3 others.

New deposits went into the

Havelock National Bank, of which former Governor Anderson is president; People's Webster Bank at Red Cloud and the Hubbell bank. Anderson's bank had had a deposit before, but he withdrew it when he became governor.

The majority of the 192 banks have deposits under \$20,000.

The 7 banks with the large deposits are: Stockyards National, Omaha, \$370,000; South Omaha bank, \$150,000; York First National, \$140,000; and \$100,000 each at the Scottsbluff National, Packers National of Omaha, First West-side Bank of Omaha and Kearney First National Bank.

Copter Rescues Two Ministers

Miami, Fla. (AP)—Two Lutheran ministers clung to a partially capsized boat in Biscayne Bay for an hour and a half Monday, until they were rescued by a Coast Guard helicopter.

The Rev. Albert R. Schmidt of Miami Springs and the Rev. John Houck of Baltimore, Md., were fishing about a mile off Key Biscayne when

their 14-foot outboard was overturned by a wave.

"We prayed pretty hard," said Schmidt.

You get solid footing...

...in a road-hugging Wide-Track Pontiac!

You control this car with a vivid sense of security, a new sense of balance. It has a steadier stance because it has a wider track. Its wheels are five inches farther apart. You cling to curves with much less lean. You round corners with much less sway. You drive with a feeling of confidence, security, complete control. This is without a doubt the easiest handling automobile you could possibly choose. Wide-Track design does not widen the car—only the stance. It's the big reason Pontiac is now first in sales in its price class.

THE ONLY CAR WITH WIDE-TRACK WHEELS

Dotted lines show conventional wheel positions. Pontiac's wheels are five inches farther apart. This widens only the stance, not the car itself. Pontiac hugs tighter on curves and corners. Sway and lean are considerably reduced, ride is smoother, steadier.

Vosoba Fails To Revive Terry's Property Tax Clarification Bill

By Betty Person
Sen. Joe Vosoba of Wilber attempted Monday to raise a tax bill, LB57, which had been defeated on final reading last week, but failed by one vote to acquire the 26 votes needed to reconsider the earlier action.

LB57, introduced by Sen. Terry Carpenter of Scottsbluff, defined and clarified

tangible and intangible property, established that actual value of property would be determined by the market value in the ordinary course of trade, and that paid excise taxes should be included in the enhanced value of property.

The bill had received 17 ayes and 20 nays on final reading last week, and as such, required 26 votes to reconsider.

Herrington Favored
Vosoba said he had conferred with State Tax Commissioner Fred Herrington who said he believed the bill was a good one and necessary

to help county assessors in defining intangible property.

He also declared the formula established for determining actual value was in line with Nebraska court decisions and would eliminate the confusion in this field prompted by the other factors now included in the law.

Also speaking in favor of the motion, Carpenter said the excise tax provision of the measure conforms with opinions from the Attorney General's office relative to the matter.

Vote Record
The vote on the reconsideration motion was:

For—25: Adams, Burbach, Carpenter, Donner, Fulton, Jensen, Klaver, Lautenschlager, Liebers, McHugh, Munnely, Olinger, Orme, Otto, Portsche, Ruhnke, Simmons, Skarda, Stryker, Swanson, Syas, Tews, Thompson, Vosoba and Williams.

Against—15: Bowen, Bridenbaugh, Cooper, Diers, Fenske, Gerdes, Hollenbeck, Marvel, Moulton, Nelson, Peck, Pizer, Romans, Russillo and Webb.

Not voting—2: Aufenkamp and Claussen.

Absent and not voting—1: Erlwine.

On another matter, the Legislature Monday voted to make tangible and intangible tax reports open to the public.

The vote came on LB665, introduced by the Revenue Committee, which was designed originally to keep private lists of stockholders in foreign corporations. The bill had been amended to make intangible tax returns available chiefly to taxing officials, but the provision had met with considerable opposition.

Sen. Carpenter asked that the bill be changed back to allow almost the same availability as the law now provides and the motion carried.

Bill Advanced
One bill was moved off general file during the Legislature's morning session after

it survived a motion to kill. Sen. Dwain Williams of Broken Bow moved to indefinitely postpone LB411 which would require that railroads must provide sanitary drinking water on cabooses.

His motion failed on a 20-20 tie vote and the bill subsequently was advanced on a 21-20 vote after it was amended to remove requirements for such items as electric lights and seats with safety seat backs.

Auction Group Elects Moody

Grand Island, Neb. (P) — Thomas H. Moody, Crawford, will head the Nebraska Livestock Auction Assn. during the coming year. He succeeds Robert S. Williamson, Grand Island.

W. V. (Buss) Emrich, Norfolk, and Carl E. Weise, Bedford, were elected vice presidents as the group wound up its annual convention. Wright Lathrop, Crawford, was chosen secretary-treasurer.

Defense Dept. Opens No. 1 Command Post, Under Pentagon, To Newsmen

... Map Titled 'In Case Of Trouble'

Washington (AP) — The Defense Department opened its No. 1 command post, deep beneath the Pentagon, to 200 newsmen and magazine writers Monday.

The command center has been shown only rarely before to a few newsmen on an individual basis.

The special showing was arranged for members of the Aviation Writers Assn.

The post they saw was that of the Air Force, also used by the Joint Chiefs of Staff.

The long, narrow room had curtained walls covered with maps. One was of the West German area and was described as "prepared and ready in case of trouble in Berlin."

Colored Phones

On a large central table rested a number of colored telephones, some linked directly to the White House.

H. D. LeMar, Omaha Civic Leader, Dies

Funeral services were pending Monday for Harold D. LeMar, president of the P. F. Petersen Baking Co. and Omaha Civic leader. He died Sunday night after an illness of several weeks.

LeMar, a past president of the Omaha Chamber of Commerce, headed Omaha's Community chest drive in 1947. He served on the boards of numerous civic and welfare groups and was a member of many patriotic, military, legal and cultural groups.

A veteran of both world wars, he served in the National Guard and organized reserve for many years. In WW II, he was a colonel in the Army judge advocate general's department, serving overseas 32 months.

A law graduate of Cumberland University in Tennessee, he served as county judge of Pennington and Washington Counties in South Dakota before joining the P. F. Petersen firm in 1926. LeMar was vice president of the company for many years before becoming president in 1957.

Survivors include his wife, Louella; son, William B. of Omaha; daughters, Mrs. Neal Davis of Omaha and Mrs. Carl Rohman of Lincoln.

others to command centers around the world.

In a 4-minute "communications check" a control officer got into contact by telephone with the major command centers. It took only 90 seconds to bring in the voices of watch officers in Alaska, Hawaii, Germany and elsewhere.

One part of the command post is an emergency actions branch, which is ready to convene the Joint Chiefs of Staff in an emergency.

"If we have another war, we believe it will come as Pearl Harbor did, without forewarning by the enemy," Col. C. T. Moreland, told the writers.

Not Invulnerable

Moreland said the command post in the Pentagon is not invulnerable to atomic explosions.

Moreland also said that in the event of the launching of a number of missiles by an enemy, it would probably take the North American Air Defense Command 3 or 4 minutes to analyze the attack and one minute to relay reports to Washington.

Another minute would be required to get the Joint Chiefs of Staff on the telephone, making for a 5-minute initial lag before counter action would get under way, he said.

Traffic Club To Honor Past Heads

Past presidents of the Lincoln Traffic Club will be honored at a meeting of the club at 6 p.m. Wednesday in the Lincoln Hotel.

Approximately 20 former presidents are expected to be present to receive plaques in recognition of their service to the club.

Reuben Krieger, current president of the club, will present the plaques.

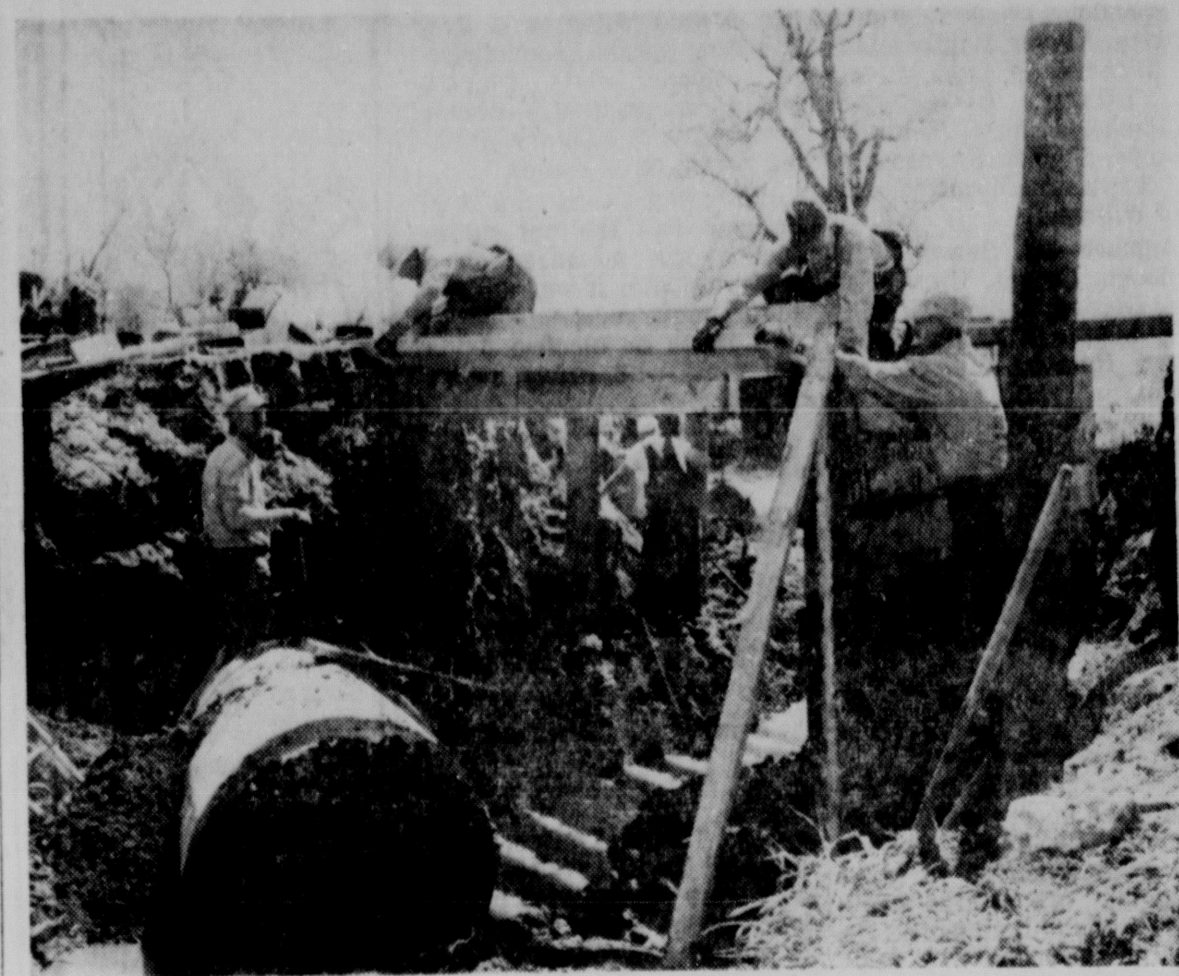

Lloyd Marti will be master of ceremonies and Dr. Emerson Jones, special consultant to Consumers Public Power District, will give the program on the Hallam Atomic Reactor plant.

Recount Ballots All Returned—Burney

The ballots from the 93 counties that were called in for the gubernatorial recount have all been returned now, Lt. Gov. Dwight Burney, Hartington, said Monday.

Burney said he was notified by Secretary of State Frank Marshall that the ballots had been returned. Marshall also handed over keys to the vault in which the ballots were stored.

Neighbors Help Family In Distress

These men were among the 13 neighbors of the Helmer Wunibald family of Rt. 8, Lincoln, who volunteered their labor to help rebuild a bridge leading to the Wunibald farmyard which washed

away during last week's rains. Pictured from left to right are Henry Behrends, Vic Schroeder, Jim O'Brien and Carl Behrends.

Plan To Push Sewage Plant Work OK'd

The Nebraska Water Pollution Control Council Monday approved a tentative plan to encourage the largest, up-stream towns to take the lead in a 7-year stream pollution abatement program.

T. A. Filipi, state sanitation director, said "we're just going to talk it over with them. We're certainly not going to force anybody to put up plants."

The 7-year program would see the completion of the state's water pollution abatement projects, he said.

"We'd like to see the water cleaned up the soonest where it would do the most good," he said.

Under Public Law 660, cities and villages may qualify to have 30% of their sewage disposal project costs paid by the federal government. The towns themselves must pay the other 70%.

For the 1960 fiscal year, planning is going ahead on the assumption the state will receive \$686,000, Filipi said, although the legislation is still in Congress and probably won't be final until about

the first two weeks of July.

The amount is enough to cover the federal 30% of all 12 projects planned and applied for, he said. But in case it isn't, priorities will be given

Ohio Oil Gets 10-Year Lease On Kimball Land

The Nebraska Board of Educational Lands and Funds Monday approved a 10-year oil and gas lease to the Ohio Oil Co. on 640 acres in Kimball County for \$10.50 an acre per year.

Elmer H. Mahlin, secretary of the board, said 3 other leases involving 1,920 acres in Dundys County went to small independent oil operators for 75 cents to \$1 an acre.

The board also decided to invest \$870,000 in U.S. government bonds. With discount prices, some of the bonds will yield 4% and others about 4.25%, he said.

Chairman of the board, Clyde F. Cretsinger of Paxton, and the vice chairman, Carl W. Deitemeyer of Lincoln, will be sent by the board to the Western State Land Commissioners Assn. convention June 9-12 in Denver.

Five lessees of school lands appeared before the board to discuss leasing policies and request adjustments of their payments, Mahlin said. No action was taken on the requests.

Record Claimed

Moscow (AP) — The Soviet Union claimed a world longevity record for happy married life—110 years.

Moscow Radio said a couple named Kalkhmarz celebrated their 110th wedding anniversary in Dagestan. She's 136 and he's 131, the broadcast said.

NEIGHBORS VOLUNTEER

The true meaning of the word "neighborly" was put into action Monday.

Thirteen neighbors of the Helmer Wunibald family, of Rt. 8, Lincoln, volunteered their labor to help repair a bridge leading to the Wunibald farmyard—which washed out during last week's thunderstorms.

The helping hands were Henry and Carl Behrends, Don and Doyle Crawford, Harvey Ehlers, Warren Kelder, Vic Schroeder and Leonard Stewart, all of Roca; Henry Thaden, Cecil Jones, Ernest Wunibald and Jim O'Brien, all of Rt. 8. Mrs. Leonard Stewart is helping Mrs. Wunibald with the cooking chores during the building of the bridge.

The new bridge, expected to be completed Tuesday, is made of wood and will replace the cement tile-type bridge which washed away last week leaving the family semi-isolated.

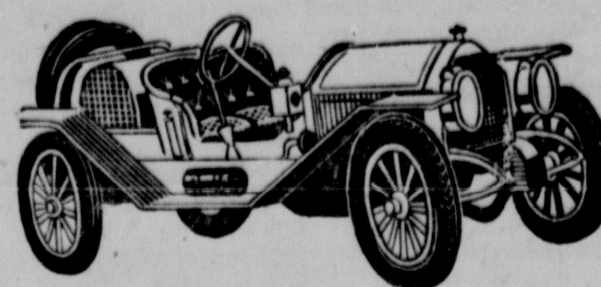

Since that time the family has had to ship their grade A milk via the pasture. Twice trucks have bogged down in the field. The last time it took 3 tractors to pull the truck free.

(26) **SNACK DISH**
Woven basket with ceramic inset dishes. For serving snacks. **88c**

(35) **FLOOR MATS FOR CAR**
Set of 2 heavy duty black. Will protect your car. **88c**

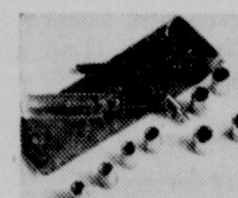

(36) **PICK UP TOOL**
To pick up items in hard to reach places. **88c**

(37) **STEEL HAMMER**
All steel with nail puller. Ideal for home and utility use. **88c**

(46) **TIRE GAUGE**
Keep your tires properly inflated. Add mileage to tires. **88c**

(47) **SOCKET SET**
10 piece set handle, extension, 8 sockets. Cadmium plated. **88c**

(48) **TRIPOD COLLANDER**
In shiny aluminum. 3 legs for perfect drainage. **88c**

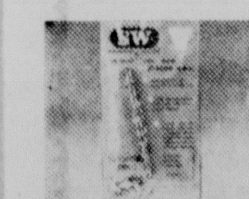

(57) **12-PC. WOOD CARVING SET**
Surgical steel blades. Wooden handle. Assorted shapes. **88c**

(58) **FRICTION TAPE**
Package of 4 rolls. High test. Ideal for any repairs. **88c**

(59) **JELLY ROLL PAN**
Fast and evenly. Aluminum. Heats ideal for salads, too. **88c**

(60) **1 LB. SOLDER**
Acid core. For all home soldering. **88c**

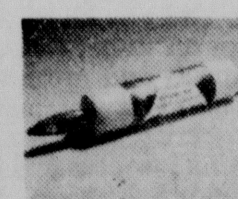

(61) **ADJUSTABLE WRENCH**
8" size of hardened steel. Jaws open 3/4". **88c**

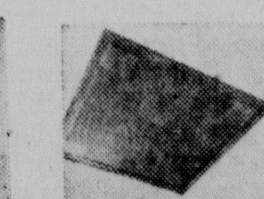

(62) **WOODEN WALL PLAQUE**
Hand painted for serving or decoration. 9" diameter. **88c**

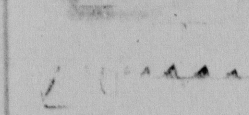

(68) **HOLE SAW**
For plastic wood, plaster. Fits in 1/4" drill. **88c**

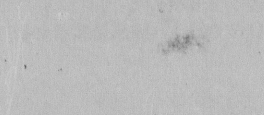

(69) **BEAN BAG ASH TRAY**
Set of three. Stay put almost anywhere. **88c**

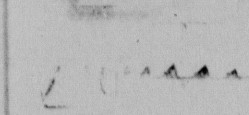

(70) **BRICK TROWEL**
Large size. Forged construction. Wooden handle. **88c**

(80) **ROLLING PIN**
White hardwood with ball bearings. Lightweight and attractive. **88c**

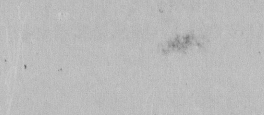

(82) **RUBBER UTILITY TRAY**
For top of toilet, nursery, or dressing room. 6 1/2" x 19" long. **88c**

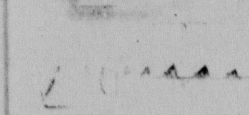

(83) **WRENCH SET**
4 piece open end wrench set. Heat treated. 5/16" to 3/4". **88c**

(84) **MEAT THERMOMETER**
For delicious roasts every time. No guess-work. **88c**

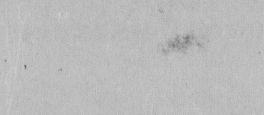

(85) **PLASTIC CLOTHES LINE**
Reinforced with heavy duty truck tire cord. 100 ft. **88c**

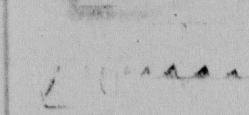

(86) **BLOCK PLANE**
Chrome block plane. 6 1/4" long. Ideal for home use. **88c**

(87) **POCKET HEX WRENCH SET**
Wrench Set... for set screws #3 thru #6. Each wrench can be used separately. **88c**

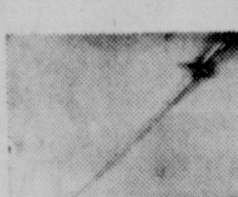

(88) **SNACK SPREADER**
4 piece set. Stainless steel blades. Snack spreaders. **88c**

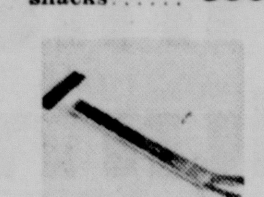

(89) **CAKE COOLING RACK**
Set of 2-10" x 10" chrome plated wire. For cooling pies and cakes. **88c**

(38) **PUMP OIL CAN**
Pistol grip pump opens all shape cans. **88c**

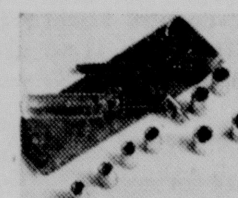

(39) **BEAUTY WAX**
Cleans as it waxes. Made by Johnson's Wax. Quart size. **88c**

(40) **FILE SET**
3 Piece file set in plastic case. **88c**

(41) **COMBINATION SQUARE**
Adjustable with level and scribe. **88c**

(42) **5-PC. RANGE SET**
Includes coffee, tea, grease canisters, salt and pepper. **88c**

4 piece set. Stainless steel blades. Snack spreaders. **88c**

(89) **CAKE COOLING RACK**
Set of 2-10" x 10" chrome plated wire. For cooling pies and cakes. **88c**

Dear Abby . . .

Little More Liberal, Mom!

Abigail Van Buren

DEAR ABBY: My daughter is being married soon and we have made plans for the wedding and reception. Now here is my gripe: We are having a buffet supper with beer and punch. The boy's parents insist we serve hard liquor because they say their friends do not drink beer or punch. They are willing to pay for it. We are not throwing a social party. We are entertaining guests who come to wish the happy couple well. Don't you think we are within our rights to do it our way?

BRIDE'S MOTHER
DEAR MOTHER: It is your party, and technically, you may do as you please. The groom's parents have no right to INSIST on hard liquor (even if they pay for it), but if you want to start off with the best possible relationship between the two families—an ounce of prevention is worth a gallon of punch.

DEAR ABBY: I get so mad at some of your answers, I have been married nearly thirty years and talk to a lot of men every day and I think I know what a man wants from a woman besides her household duties such as scrubbing, washing and cooking. If a man wants his potatoes mashed and his toast buttered, that is a personal thing and his wife should do it just to please him. If a woman wants to do only housework she doesn't have to marry a man. She can hire herself out. Are you married? If so, ask your husband if I am not right?

MAD AT YOU
DEAR MAD: I asked my husband and he says you are absolutely right! (You men sure do stick together.)

DEAR ABBY: I am 15

and my boyfriend is 16. We have been going together for a year and four months. Last year we went to the Frosh Prom. It was formal and my boyfriend didn't bring me a corsage. I felt hurt but let it go by. He is not poor, he just didn't know better. This year I wonder if I should hint around and tell him the color of my formal? My mother says she thinks she'll call up his mother and play safe. My father says to quit worrying about it and he'll buy me one. What is the best solution?

NO CORSAGE
DEAR NO: After going together a year and four months you should know him well enough to say, "Look, Jack, I don't need an expensive corsage—a single gardenia will do."

DEAR ABBY: How can I make my mother understand that she doesn't have

to live with my father for my sake? She has told me so many times that the only reason she is staying with my father is because of me and the minute I get married she will leave him. I am not a baby, Abby. I am 15 years old. I can never remember my mother and father speaking nice to each other. They yell and fight and call each other names all the time. Don't you think they would be better off separated? I hate to think that my mother is sacrificing the best years of her life for me. Am I wrong to feel this way?

FIFTEEN
DEAR FIFTEEN: If your mother is keeping her marriage together for YOUR sake, she could be just a little more noble and refrain from reminding you of it. Don't feel guilty. There are probably other reasons.

If you have a problem, write to Abigail Van Buren in care of this paper. She will be glad to answer your letter. For a personal reply, enclose a self-addressed envelope.

Square Dance Series

The first in the series of summer square dances sponsored by the Lincoln Council of Folk and Square Dance Clubs will be held Saturday evening, 8:30 o'clock, at the Antelope Park pavilion.

All square dancers in the area are invited to attend the dance, for which the Jeans and Calico Club will be host.

Callers for the series will be furnished by the Lincoln Callers Association, and chairman of the series is Roy Peck.

At intermission time during the Council's annual Festival last Saturday night, Mr. and Mrs. Willard Noxon were presented the Council's annual achievement award by Dick Arnold, president.

The couple was honored for outstanding service to folk and square dancers in the community. A popular dance caller, Mr. Noxon was in charge of the after-Festival party last Saturday, served as chairman of the summer dance series last year, and has been a square dance instructor for many years. Mrs. Noxon has been a member of the Council's board for a number of years, serving as historian and publicity chairman.

Delta Gamma

This evening the Delta Gamma alumnae will honor the seniors of the active chapter at a dinner for which Mrs. Arnett Folsom will be hostess at the E. C. Folsom home.

Installed as new officers of the group during the evening will be Mrs. Jack Chilson, president; Mrs. James Grant, vice president; Mrs. Dwight Householder, secretary; Mrs. Tom Allman, treasurer; Mrs. Lynn Wieland, publicity; and Mrs. Dean Tebo, corresponding secretary.

MADAM CHAIRMAN

Junior League of Lincoln, 9:30 o'clock coffee at Tillman's Plaza.

LAFB Officers Wives Club, golf group, 9 o'clock Pioneers Park.

University of Nebraska ROTC Wives, 3 o'clock party at the home of Mrs. J. R. Hansen, 2745 Anderson Dr.

Saratoga PTA, 1:30 o'clock.

Century Club, 1 o'clock at the home of Mrs. Ernest Hancock, 3028 Puritan.

Pi Beta Phi Mothers Club, 1 o'clock luncheon at the Lincoln Country Club.

Girl Scouts, board of directors, 1 o'clock, Continental National Bank.

Park PTA, 2 o'clock.

Hellenic Chautauqua, 1 o'clock at the home of Mrs. A. S. Johnston, 1971 D.

Fortnightly, 1 o'clock at the home of Mrs. Clifford Hardin.

Bethany Woman's Club, 2 o'clock membership tea, Bethany Christian Church.

Flower Arrangers Guild, 1:30 o'clock, YWCA.

Handweavers Guild, 2 o'clock at the home of Miss Effie Noll and Miss Ella Noll, 4301 Everett.

Sigma Alpha Epsilon Auxiliary, 1 o'clock luncheon at the Compass Room.

Havelock PTA, 7:30 o'clock.

Eastridge PTA, 7:30 o'clock.

Meadow Lane PTA, 7:30 o'clock.

Great Books Series, 1st year group, 7:30 o'clock, South Street Library, Tolstoy, "The Death of Ivan Ilych."

Fidelia Lyceum, 6:15 o'clock dinner, Capital Hotel.

Chapter ES, PEO, 7:30 o'clock at the home of Mrs. A. B. McCarty, 2718 So. 14th.

Chapter FB, PEO, 8 o'clock at the home of Mrs. Clyde Noyes, 6701 South St.

Chapter BY, PEO, 7:30 o'clock at the home of Mrs. Herbert Walt, Old Cheney Rd.

Delta Gamma Alumnae, 6:30 o'clock at the home of Mrs. Arnett Folsom, 1305 J.

Town Talk

Head Lincoln General Auxiliary

—This is courtesy morning as far as the news is concerned—The emphasis is on the farewell parties, but we also have news of a bride-elect who is to be complimented—In addition there is news of the Community Playhouse Backstage Club. It has a dancing party planned for Saturday evening, May 16, at Hotel Cornhusker—And then we learned that the Merriammyx Dancing Club is having a bonus party at Hillcrest Country Club, also on Saturday evening, May 16. This is the group's "rain check" party, so-called because a blizzard postponed the March dance.

—Our bride-elect is Miss Marianne Thygeson whose marriage to Lt. Dennis Brune will take place in June. On Thursday evening Mr. and Mrs. James Crabill will pay courtesy to Miss Thygeson when they entertain at a family dinner at their home. Coming from Nebraska City to attend the party will be Miss Thygeson's parents, Mr. and Mrs. Robert Thygeson.

—The farewell courtesies we mentioned involve two Air Force officers and their

wives—Col. and Mrs. Felix Hardison, and Col. and Mrs. Charles E. Engelhart—who are about to take off for far away places—the Hardisons to Montana which, after all isn't so far, and the Engelharts to Casablanca which is quite a distance as the crow flies.

Col. and Mrs. Hardison were honored on Sunday evening when their host and hostess were Mr. and Mrs. Harold Stebbins. Mr. and Mrs. Stebbins invited guests to their home for an hors d'oeuvres party which was followed by dinner at the Lincoln Country Club.

—And when Col. and Mrs. Thomas Corbin and Col. and Mrs. William Garland entertained on Saturday evening it was in farewell courtesy to Col. and Mrs. Hardison. Eighteen guests were invited for dinner at the home of Col. and Mrs. Garland.

It was also on Saturday evening that Col. and Mrs. Engelhart were honored at a no host party—dinner and dancing—at the Officers Club. The group included the 818th medical officers, and friends from Lincoln who are in the professions of medicine and dentistry.

At the annual meeting of the Lincoln General Hospital Auxiliary, held Monday afternoon at the Nurses' Home, Mrs. Leon A. Nefsky was named president for the coming year.

Also elected were Mrs. John R. McCown, first vice president; Mrs. D. David Nefsky and Mrs. Orvis A. Neely, co-second vice president; Mrs. Robert Stein, third vice president; Mrs. Robert W. Smith, secretary;

and Miss Florence Atwood, treasurer. From the left are Mrs. Leon Nefsky, Mrs. Smith, Mrs. Neely, Mrs. Stein and Mrs. Michael Boosalis, newly-elected city council woman.

The Star In Suburbia

EASTRIDGE

Visiting at the home of Mr. and Mrs. Karl Loerch last week end were Mrs. Loerch's parents, Mr. and Mrs. Charles S. Cameron of Tekamah.

More news from the Loerch family tells us that last Friday evening Miss Karla and Miss Leah Loerch, daughters of Mr. and Mrs. Loerch, performed in Miss Judy Howard's dancing recital. The two young ladies took as their guest to the recital their cousin, Luana Loerch.

Spending last week end in Holdrege were Dr. and Mrs. Dale Ebers and their children, Julie, Doug, and Barbara, who were guests at the home of Mrs. Ebers' parents, Mr. and Mrs. E. C. Johnson.

On Thursday afternoon Mrs. Gene Lingenfelder

entertained at her home for the members of her bridge foursome. Guests present at the dessert were Mrs. Vince Dreeszen, Mrs. Jim Hutchinson, and Mrs. Harry Bauer.

Congratulations are in order this morning. Capt. and Mrs. Thomas Pauza are the proud parents of a son, Timothy Alan, who made his premier appearance at Bryan Memorial Hospital on Monday, May 4. The young man's maternal grandparents are Mr. and Mrs. Roy Dean of Agra, Kan.

Among his most ardent admirers are his sister Janet, who is five year-old, and his three year-old brother Joel.

Understand that yesterday found Mr. and Mrs. Sidney Artt Jr. and their daughters, Laurie and Susan Elizabeth on their way from Eastridge, where they have been residing at 600 Dale Dr.,

to Greeley, Colo., where they will make their new home.

The fifth grade set in Eastridge has taken up square dancing and so last Friday evening Rickie Gilbert, son of Dr. and Mrs. Louis Gilbert, entertained at his home for the square dance club which meets twice a month. Those joining the fun were Jimmy Hutchinson, Tom Bock, George Hannigan, Bill Cook, Cathy Cain, Mary Ann Summers, Cheryl Allen, Linda Baldwin and Linda Doran.

A hostess at her home tomorrow afternoon will be Mrs. Jack Bowers who will entertain at a dessert for the members of her bridge club. Those present will be Mrs. Douglas Brogden, Mrs. James Mallon, Mrs. L. D. Cole, Mrs. Fred Bockoven, Mrs. Richard Freeman, Mrs. Robert Cole, and Mrs. Richard Hicks.

Members Honored

Millard Lefler PTA honored Mr. and Mrs. Joe Carroll and Doan Harrison with PTA Life Memberships Monday evening at the May meeting of the unit.

A talk, "How To Help Young Capitalists Manage Their Money", was given by Ted Thompson, and the program also included installation of officers; the girls' octette directed by Katherine White; a talk on YES job opportunities; and a review of summer school classes by Carroll Sawin.

From the left are Mr. Harrison, Mrs. Carroll and Mr. Carroll.

Right way to clean and wax wood floors

The world's largest maker of hardwood floors gives some helpful floor care tips

Wood floors require different care than linoleum, vinyl and others. For example, wood floors should never be washed with water. After years of testing, we learned dry cleaning is the only right way to care for them.

You just pour Bruce's special combination of dry cleaning ingredients and liquid wax on the floor. The most stubborn marks, dirt and old wax wipe away instantly. All the dirt comes up on the cloth. On the floor is lots of rich,

clean wax. A light buffing and you're all done in half the usual time—with no messy, hard scrubbing. You can touch up heavy traffic areas again and again without redoing the whole floor.

We recommend BRUCE CLEANING WAX for a rich coat of wax, and BRUCE FLOOR CLEANER where less wax is desired. Both work their clean-as-you-wax wonders on linoleum, too. Try this easy, proper method next time you wax and see the beautiful difference.

FREE FLOOR CARE BOOKLET! Gives valuable tips on the care of wood, cork, linoleum, vinyl, asphalt tile, rubber tile, terrazzo and ceramic floors. Also wood panelling. Write today to E. L. Bruce Co., Memphis, Tenn., for free copy.

FOR FLOORS...USE BRUCE!

by Constance Flame

OLD "GI" TRICK

Here's a space-saver for your linen closet: Roll bath towels instead of folding them. That's the way they do it in the service to save space!

ANTI-BREAKFAST CURES

For fussy breakfast-eaters, try these eye-openers: Cover cereal with miniature marshmallows; brown under the broiler in gas range. Flavor tall glasses of milk with vanilla extract, strawberry jam or instant coffee. Top cereal with big scoop of ice cream. Make waffles and pancakes appealing: Sprinkle them with diced fruit cocktail, drizzle with maple syrup. Add chopped onions to scrambled eggs. Any cures here for your breakfast-balkers?

BEE STINGS HURT

To most children, longer warm-weather days mean more time for adventure. But when they unfortunately investigate a bee's nest, they usually end up in tears!

Here's a good treatment to ease wasp or bee stings: Dissolve a Tbsp. baking soda in 1 cup of cold water. Soak a cloth in the solution and apply it to the affected area. In most cases, this brings instant relief!

LIGHT-UP SUCCESS

The most perfectly planned patio party may be ruined if your lighting is poor! Don't you make that mistake this Summer. Whether you set up a table on the porch, in the patio or in the back yard, correct lighting adds the final touch to make your "eat-outs" successful, and so much more fun! Folks at your local gas company or gas appliance dealer can tell you all about the new gaslights everyone is talking about. They'll help you choose just the style for your own special needs. Ask about gaslights soon! They're charming to see...and so practical, too!

REVOLVING RACK

Ever see a tie rack "in business" in the kitchen? A friend attached one to a wall near her gas range. On it she hung frequently-used kitchen utensils. The revolving rack is so attractive and keeps utensils right at your fingertips!

FUDGE PIE

Looking for something "extra special" to awaken late-Spring appetites? This tasty dessert has almost the same texture as cake, but bakes light and airy as a cream puff! Cream $\frac{1}{2}$ cup butter with 1 cup sugar till smooth and fluffy. Blend in 1 tsp. vanilla. Add 2 egg yolks, one at a time, beating thoroughly after each. Now add 2 squares unsweetened chocolate, melted. To creamed mixture, add $\frac{1}{2}$ cup sifted flour and mix well. Mix 2 egg whites with $\frac{1}{8}$ tsp. salt. Beat till stiff. Fold in chocolate mixture. Pour into unbaked pie shell. Bake in 385-degree oven for 30 minutes. When the fudge pie's cool, garnish with fluffs of whipped cream, top with chopped pecans.

HANGING TEDDY BEAR

Children's stuffed toys can take up so much precious storage space. One mother solved the problem by sewing loops on all the toys. Now they hang on hooks fastened to the closet wall and door. The room stays uncluttered and toys stay cleaner!

PROSPERITY AND PROGRESS

Everyday you can see your community growing! New homes are being built...new industries are opening. Did you know that natural gas plays an important role in this rapid growth and progress? Northern Natural Gas Company helps to pipe prosperity to your community, by bringing low-cost fuel for modern homes and industries. Your local gas company provides your home with this economical fuel. It brightens your leisure...lightens your work...means better living for your family and your community.

Employment Picture Brightens

TOTAL AT WORK HITS A RECORD

... FOR APRIL

Washington (AP) — Unemployment fell sharply last month as the number of Americans at work reached a record high for April.

A jump in the job total of 1,184,000 from March to April took 735,000 off the unemployment rolls. Administration leaders say the gains are double the normal seasonal expectation.

Secretary of Labor James P. Mitchell and Secretary of Commerce Lewis L. Strauss, who jointly announced the monthly employment figures Monday, said they demonstrate accelerating job recovery from the recession that began in 1957.

Not An All-Time High
Total employment is now 65,012,000, more than two million higher than in April of last year. Although it is a record for April, the record for any single month remains the 67,221,000 employed in July 1957.

The total unemployment figure is now 3,627,000. At the depth of the recession a year ago it was 5,120,000.

Mitchell and Strauss said that in the months since the turning point of the recession, the rate of unemployment is about two-thirds of the way back to pre-recession levels. During March and April unemployment dropped over a million.

The ratio of unemployment to the total work force was 5.3% in April, compared with 5.8% in March and 7.5% in April, 1958.

Construction Spurt
The gains last month were credited to an unusually large pickup in construction and a brisk hiring in hard goods manufacturing.

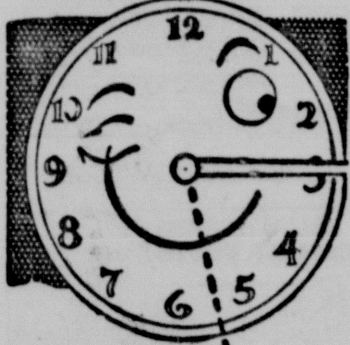

Secretary Mitchell later told a business group at Miami, Fla. that the glad tidings contained in the new job report should be tempered by realization "there remains valleys of trouble in our prosperity" for areas where people cannot find jobs.

"In our general rejoicing we must not forget them," the labor secretary said. "We must have adequate area assistance legislation. And we must have an improved program of federal-state unemployment insurance."

Turned Down

Washington (UPI) — Rep. Kenneth J. Gray (D-Ill.) said a House Appropriations subcommittee has turned down the administration's request for \$9,750,000 to build a new federal prison for hardened criminals.

Announce Way To Help Drain All 8 Sinus Cavities Without Discomfort

New decongestant tablet for sinus congestion sufferers acts both to drain clogged sinus cavities and relieve distressing head pain

New York, N. Y. (Special) — A new tablet development which has the remarkable ability to help drain clogged sinus cavities and thus relieve congestion and pressure. The headaches, pressure pains, stuffed-up head, nasal drip, clogged breathing—all the unrelenting symptoms the sinus sufferer knows so well—are attacked directly by improving drainage of the sinus areas.

Most remarkable of all is the fact that this is accomplished with extraordinary speed and without discomfort of any kind. This new tablet does its remarkable work internally, through the blood stream. It deposits into every drop of blood plasma a new medication which is carried to the sinus area, where it

'Nuns' Plan Their Strategy

Planning their strategy in reforming Las Vegas gamblers and show girls during the Pius X High senior class play are (from left) Patricia Melby, Mary Shugrue, Peggy Mickells, Lynn Easley, Barbara Prokop, Kay Curran, and Mary Ahlgrim, who took the parts of pious nuns whose convent is moved to the "sinful city" in "Seven Nuns in Las Vegas." (Star Photo.)

Nuns' Effect On Las Vegas Play Subject

... At Pius X School

A lively farce centered around the impact of 7 holy sisters upon the gambling center of Las Vegas, Nevada, was presented Monday by the senior class at Pius X High School.

The nuns, whose convent was moved to the sinful city by the prayers of one of their ailing sisters, organize and invade the city's casinos, with remarkable luck and many a comical situation.

One night club owner, played by Jere Carey, and 3 chorus girls, Boots, Baby and Peaches, play by Mary Nevells, Jan Volpe and Mary Anne Gude, are special projects for the sisters' campaign.

"Seven Nuns in Las Vegas" featured as holy sisters, Pius X seniors: Mary Shugrue, Lynn Easley, Jeanne Farrell, Kay Curran, Mary Ahlgrim, Barbara Prokop, Patricia Melby and Peggy Mickells. John Knopp as Father O'Brien also aids the nuns in their plans.

The senior play was directed by University of Nebraska dramatics student, Diana Peters, with Ellen McGovern as student director. A second performance will be given Tuesday night.

Norfolk Man Dies In Arizona Crash

Norfolk, Neb. (AP) — Robert L. Woodworth, 34, of Norfolk was one of 4 persons killed in a two-vehicle crash near Winslow, Ariz., it was reported here Monday.

Three other persons were injured.

Woodworth was a driver for the Noah Trucking Co. He is survived by his widow and two daughters of Norfolk; his father, Henry P. Woodworth of Porterville, Calif.; his mother, Mrs. Marie Silver of Grants Pass, Ore., two sisters and one brother.

Doris Day Is Forced To Cancel Her Tour

Hollywood (AP) — An attack of Mononucleosis has forced Doris Day to cancel an east coast personal appearance tour, her studio announced.

A spokesman for Columbia Pictures said the actress-singer became ill in Cincinnati, her home town, and now is en route to Hollywood by train.

Mononucleosis is a blood condition characterized by a feeling of weakness.

3 Lincolnites Get Honors In Twirling

Three Lincoln young people took state championships over the weekend at the state baton twirling contest held in Omaha.

Joyce Burns, daughter of Mr. and Mrs. H. R. Burns, won first in both state and open classes and third in strutting; Debby Restau, daughter of Mr. and Mrs. A. W. Restau, won first place in novice division for both state and open classes, and second in strutting, and Scott Hamilton, son of Mr. and Mrs. M. C. Hamilton won first in boys baton twirling, advanced.

Susan Smith, daughter of Mr. and Mrs. Gerald Smith, won third place in both open

Joyce

Debby

baton and two-baton classes, and Sally Sheridan, daughter of Mr. and Mrs. John Sheridan, won third in beginners open class.

Joyce Burns also won first in open class, second in strutting and third in two-baton at the tulip festival at Pella, Ia., and Debby Restau won first in beginners open, fourth in advanced open and third in strutting in the Iowa competition.

Joyce Burns and Debby Restau appearing together won 2nd place at both contests in the duet competitions.

Actor Arrested

Wilton, Conn. (AP) — Actor Raymond Massey was arrested at his home on Honeyhill Road here and charged with breach of peace.

Massey, 62, was charged with "pushing and shoving" his hired man, Michael Hoshko, after an argument, according to state police Sgt. Jack Croce.

The actor was brought to the Ridgefield Barracks after Hoshko called police, and was released on \$25 bond. He was ordered to appear in Wilton Justice Court Monday morning.

Stamp Tax For Liquor, Cigaretts Abandoned

Washington (AP) — The 91-year-old system of collecting federal excise taxes on liquor and cigarettes through the sale of tax stamps will be abandoned next month.

The treasury said Monday that starting June 24 distillers and tobacco manufacturers will pay the excises by filing returns twice a month. The department acted under authority voted by Congress 5 years ago.

Industry officials greeted the announcement with applause. They have long contended it was unfair to make them buy the tax stamps even before selling their products. The new system means they will pay the tax after they make a sale, not before.

A spokesman for the Tobacco Institute Inc. estimated that cigaret makers have tied up about 150 million dollars a year in tax stamps.

For the treasury, the changeover will produce a lag in revenues since taxes

won't be paid as soon as under the old system.

The blue cigaret tax stamp, picturing De Witt Clinton, will disappear from smokers' packs next month. Stamps also will be dropped from other tobacco products.

Liquor bottles, however, will continue to carry a federal stamp. This is not a tax stamp but merely signifies that the tax has been paid on contents of the barrel from which the bottle was filled.

President Asks Special Inter-American Bank

... To Help Erase South-Of-Border Poverty

Washington (AP) — President Eisenhower Monday urged U.S. investment of 450 million dollars in a special new inter-American bank that would help south-of-the-border nations overcome poverty.

At the same time, a House subcommittee recommended a gradual cutback in arms

aid to Latin America. The group said such arms had been misused on occasion, causing deep resentment against the United States among many Latin Americans.

The twin developments underscored increasing U.S. attention to the problems of Latin America, where there have been signs recently of Communist efforts to feed on economic troubles.

Eisenhower sent Congress a special message asking approval of U.S. participation in a proposed billion-dollar bank that would make development loans to nations in this hemisphere. U.S. participation would be "a most significant step," he said.

The U.S. would furnish 450 million dollars of the bank's capital. The remaining 550 millions would come from the Latin American states.

Washington (AP) — The Federal Housing Administration was accused by another government agency of granting mortgages to persons with known records of drunkenness, arrests, irregular employment and bad credit.

These and other practices, the General Accounting Office said in a report to Congress, have cost the government large amounts of money.

Chiefs Return Tonight

Host Burlington
In Opener Of
6-Day Stand

The Lincoln Chiefs — fresh from a successful road trip which saw them win 4 of 5 games and move into a second-place tie—return to Sherman Field Tuesday night to open a 6-day homestand.

Burlington will supply the opposition tonight, Wednesday and Thursday, with Cedar Rapids moving in Friday for a 3-game set. Game time is 8 p.m.

The home stand opener will be a Ladies Nite affair with the gals admitted free if accompanied by a gentleman, according to general manager Rog Bottorff.

Wednesday will be College Nite and Thursday will be Family Nite with the entire family being admitted to the general admission seats for \$1.50.

Four Chiefs found their batting eyes during the road trip and moved over the .300 mark.

Jim Lynn is the leader with .326. Hub Williamson has a .316 average, while Al Schrader — sidelined with an injured finger—is hitting .313 and Chuck Lehman .300.

Star Sports Staff Writer

Tomlinson Not 'Erratic'

From D. F. Templemeier, coach at O'Neill St. Mary's: "I wish to take offense at your remark that (Larry) Tomlinson is erratic. Burwell Relays—50-10: Ord Inv.—52-6, all 7 puts over 51: Sandhill Relays—55-4, first put was 53-3; Holt County—48-1, his ONLY time under 50", this was after putting the shot 40 times Tuesday plus working on the weights not knowing the meet was to be Wednesday, also putted off a mud and grass circle; Norfolk Inv.—53-9, 5 puts over 51-6; Fremont K.C.—50-4 in the wind and rain.

"Also watch for our 880 relay—1:35.5 at Norfolk as we ran 2nd to Benson. Remember that Tomlinson does more than just put the shot, with both hurdles (15.6 and 21.5), broad jump (19-8), shot, and discus (141-5)."

I didn't say say Tomlinson wasn't good, Don, just erratic. It still seems to me that a variation between 48-1 and 55-4 is, at least, slightly inconsistent. After all, most shot putters either improve or stay on the same level. Tomlinson has been up and down.

Nevertheless, Tomlinson is one of the bright stars of the current track season. I'm looking forward to seeing him in competition here. Also an 8-man all-state football player, Tomlinson is slated for the University of Nebraska.

'Take Duties Seriously'

From Mrs. Harold W. Peterson, Nebraska City, mother of former prep sprint great George Peterson, now a top competitor at Abilene Christian College, in reference to my column last week concerning "selling" track:

"There are so many people who do not understand the rigorous training which track demands of a boy who wishes to succeed in it. Track accomplishments are not the only aspirations which a young man with foresight is seeking for his future. The ideals which are taught in track do teach a boy a tangible something to which he may cling when he must meet life and its many problems. . . . The officials should take their duties as seriously as the track participants take theirs. . . . We believe that parents in many instances should show more interest. It is sad to go to a track meet to find perhaps a dozen people in the bleachers."

Concerning track officiating, Mrs. Peterson mentioned incidents in which George was involved, where mistakes seem to have been made, perhaps due to incompetence.

It is our experience, however, that track officials are generally sincere in their desire to do the best job they can. Neither timing nor judging are easy jobs, and it's true there are too few really competent officials. And, of course, mistakes are most likely to occur in the short races, Peterson's events.

Lack of a large number of competent officials is a major problem in track anywhere. It is also a problem in football, basketball or any other sport. There must be a certain amount of condescension about track officiating. Basketball needs only two officials, football 4, but at least a dozen are necessary to run the smallest kind of track meet.

But if there is a solution to the problem, it might help to fill those empty spaces in the bleachers. Mrs. Peterson is correct. I've seen a few officials at track meets who forgot they were there to help the boys.

Fremont Golfers Warm Up

Dick Weir (right) and Don Pollock of the Fremont Country Club warm up on the putting green as pro Bonnie Richards of the host Hillcrest Country Club looks on during a pro-am Monday. (Star Photo)

HCC Pro-Am Attracts 104

... Ponders, Astleford Set Pace

Leon Ponders of Omaha shot a 71 to lead professionals and former state champion Bob Astleford of the Omaha Field Club fired a 70 to pace amateurs as 104 golfers toured Hillcrest Country Club in a pro-am Monday.

Low team honors went to a foursome from Offutt Air Force Base of Omaha which included pro Terry Canavan and amateurs Howard Guerrero, Frank Coffee and Bill Green. This quartet had a best-ball net of 60, 12 under the Hillcrest par.

An Omaha foursome including pro Matt Zadalis of Miller Park, Jack Cramer, Tom Fulkerson and Ed Printz tied with Hillcrest's tandem of pro Bunny Richards, Frank Carr, Frank Goetz and Hal Bowers for second and 3rd with a best-ball 61.

The 26 teams marked one

Ravine Deal: TURMOIL IN CITY COUNCIL

Los Angeles (AP) — The city's latest move to clear out Chavez Ravine for the Los Angeles Dodgers' proposed baseball stadium and recreation park Monday threw the city council into turmoil.

Charges of anarchy, comparisons with the Spanish Inquisition and Hitler's Germany, as well as a demand that Mayor Norris Poulson attend the next council meeting "or be dragged if necessary" heated the atmosphere.

The hectic session developed when the council tried to air complaints of a Mexican family whose Chavez Ravine home was demolished by city bulldozers last week.

The city, which has agreed to build the 12 million dollar stadium and park, began condemning all land in the ravine long before the Dodgers decided to come here from Brooklyn. The Arechigas were officially evicted in 1953.

But they have refused to move until they get the \$17,000 they believe their property is worth. The city offered them \$10,050.

Dr. Zellers Appointed To Racing Commission

Gov. Ralph Brooks Monday announced the appointment of Dr. H. C. Zellers, Lincoln dentist and sportsman, to the State Racing Commission.

A former member of the State Game Commission and a breeder of thoroughbred horses since 1953, Dr. Zellers succeeds Earl Moyer of Madison on the racing commission.

Dr. Zellers was born at Hooper, was graduated from Hooper High School and the University of Kansas City dental college.

He served overseas with the 7th division in World War I and has been a recipient of the distinguished service award.

He was appointed to the Game Commission in 1939 by then Gov. R. L. Cochran. He has served as national director of the Izaak Walton League, president of the Nebraska Better Fishing Assn., president for 10 years of the Nebraska Council of Sportsmen's Clubs, delegate to the National Wildlife Federation for many years, and Nebraska representative for the federation.

In 1952 he received the na-

Braves Collect 8-1 Win

Chicago (AP) — Pitcher Bob Buhl throttled the Chicago Cubs Monday and the league-leading Milwaukee Braves carved out an 8-1 victory with Johnny Logan and Eddie Mathews slamming homers.

The circuit's top batter, Hank Aaron, added to the Braves' bag of 12 blows off loser Moe Drabowsky and 3 other hurlers with a triple and single in 4 official trips to boost his average to .486.

It was Aaron's 17th straight game of hitting safely and the 18th in which he collected two or more hits.

Buhl struck out 4, walked 3 and served 5 hits in getting his first decision against one loss during a 7 inning stint before yielding to a pinch batter. Don McMahon and Bob Giggie finished, issuing only one more hit.

Aaron's triple and successive walks by Drabowsky to Wes Covington, Frank Torre and Del Crandall forced in the Braves' first run in the opening inning.

last year with only 20 points, is not considered a title threat this season.

Broken Bow might well pick up 20 points in the weight events alone, where the Indians have a trio of the top weightmen in the state. They are Ron Devish, Charles Hirsch and Don Niedt, and they could finish 1-2-3 in both the shot put and discus. All 3 are expected to score points, at least.

The Indians add a sprint threat in sophomore Kent McCloughan, who also anchors a fast 880 relay squad.

Imperial is led by sprinter Rod Brethower, favored in both dashes, plus fair depth. Holdrege has top men in vaulter Tom Carlson, 440 man Spencer Puls, and a fast mile relay team. Bayard has the most meet qualifiers, 12, and is led by Cliff Calvert in the 220 and 440.

Off previous performances, none of the Class B records appear seriously threatened. Probably the quartermile is in the most danger, with a fast and large field shooting for the 50.8 mark set a year ago by Chadron's John Judd.

Dick Hoelscher of Madison has done the distance in 51.8, while Puls and Calvert both have 52.1 clockings to their credit. A half-dozen more have been timed between 52 and 53 seconds. Such close competition could push the winner below the record.

Ord's title threat is a 2-man chore, with Bill Martin and Gerald Dunlap assigned the job. The pair must pick up medals in the pole vault and broad jump, plus points in other events, to make the Chants hopes come true.

Martin could be a meet standout. He has vaulted 12-0 (although he did only 9-9 to qualify).

Another top individual performer should be Dean White of Tekamah in the mile run. He has been clocked in 4:39.1 this season, and should win easily.

The 880 brings together top competition among Lynn Ostermeier of David City, Omaha Holy Name's Bill McCafferty, Eugene Keller of Kimball, Superior's Phil Stineman, Dallas Luthy of Aurora, Lee Harris of Cozad, Bridgeport's Robert Taylor, Lawrence Turner of Valentine, Lowell Peitzmeier from Bloomfield, and Bassett's Gary Gorbail.

All ran the halfmile in less than 2:07 in order to qualify.

Here is the State Class B rundown, listing number of qualifiers from each of the 58 teams, Class B records, and district qualifying event leaders:

QUALIFIERS
Bayard 12, Imperial 11, Holdrege 11, Hebron 9, Ravenna 9, Broken Bow 9, Crete 9, West Point 8, Pierce 8, Schuyler 8, Auburn 7, Ord 7, Crofton 7, Central City 6, Burwell 6, Tekamah 6, O'Neill 6, Cozad 5, Madison 5, Omaha Holy Name 5, Bridgeport 5, Ashland 5, Seward 4, Valentine 4, Papillion 4, University High 4, Tecumseh 4, Kimball 4, Superior 4, York 4, Gothenburg 4, Columbus St. Bonaventure 2, West Kearney 2, Hartington Holy Trinity 2, Milford 2, Wayne 2, David City 2, Bloomfield 2, St. Paul 2, Albion 2, Wymore 2, Rushville 2, Chappell 2, Gordon, Aurora, Bassett, Crawford, Chadron, Blair, Alsworth, Geneva and Grand Island Catholic.

CLASS B RECORDS
100—10.0 by James Easter Holdrege, 1957.
200—22.0 by Art Easter, Cambridge, 1955.
440—50.8 by John Judd, Chadron, 1958.

Discus throw—145-½ by Don Niedt, Broken Bow.
Pole vault—11-8 by Tom Carlson, Holdrege.
High jump—5-10 by Bob Zavacek, North Bend.
Broad jump—20-7¼ by Gary Dalton, Auburn.

Head Husker Club For 1959-60

These 6 University of Nebraska varsity lettermen with Sponsor Hollie Lepley have been elected to head the Cornhusker N Club for the 1959-60 school year. The group held its election of officers and initiation for new members Monday evening. New officers, front row, from left:

Wayne Hester, publicity chairman; Dick Shipwright, social chairman; Frank Tomson, secretary-treasurer; Harry Tolly, president, Back row, from left: Carroll Zaruba, Sgt.-at-arms; Lepley, Don Fricke, Sgt.-at-arms. (Star Photo)

Knights Top LHS By 3-1

Owen Becker blasted a two-run homer in the bottom of the 9th at Elks Diamond Monday to give Lincoln Southeast a 3-1 victory over Lincoln High, a first city championship and a return ticket to the state baseball tournament which the Knights won last year.

Becker's smash, which cleared the centerfield fence, ended a tight pitching duel between SE's Keith Sieck and Don Burt of LHS in a game which went two innings past the usual 7.

Burt, pitching one of his best games, fanned 19 and gave up only 4 hits in absorbing the loss while Sieck was equally tough, allowing 3 safeties while striking out 15.

Becker had saved the Knights, now unbeaten in 7 starts this season, from a 1-0 setback in the bottom of the 7th by belting an RBI single with the bases loaded. Lincoln High got its run in the 3rd when Gaylen Hadley walked, stole second and scored on a single by Bill Honnor.

The victory gave SE a 3-0 record in city play and clinched the title. LHS, which

now must meet Central City in a playoff to earn a berth in the state tournament, is 2-2 and Lincoln Northeast, which plays Southeast today, is 0-3.

Pappas Baffles Nats 7-3

Washington (AP)—Unbeaten Milt Pappas celebrated his 20th birthday Monday night by pitching his 4th victory of the season, with assistance from reliever Billy Loes, as the Baltimore Orioles defeated Washington, 7-3 before a crowd of 7,107.

Gene Woodling, Gus Triandos and Bob Nieman backed up the combined 5-hit pitching of Pappas and Loes with a homer each as Senators' starter Pete Ramos went down to defeat for the 4th straight time. Ramos previously won 3.

Rookie Bob Allison tagged Pappas for a homer in the first inning but the Orioles bounced back with the Woodling and Triandos homers in the 4th, the first coming with one on. That outburst finished Ramos.

In the 5th, a walk, two errors and Nieman's blast made it 6-1 at the expense of reliever Dick Hyde. Nieman's homer was the first allowed by Hyde in nearly a year. Joe DeMaestri of Kansas City having connected off him last on May 20, 1958.

Wesleyan Golf, Net Teams Win

Nebraska Wesleyan golf and tennis teams scored victories over Nebraska College Conference foes Monday, the golfers taking a double dual from Wayne and Hastings and the net team beating Wayne. NWU linksters beat Hastings 9-3 and defending NCC champion Wayne 7-5. Wayne whipped Hastings 6-2-5-2. Larry Berres of Wayne was medalist with a 77 and Wesleyan's team score was 327, 7 strokes under the winning NCC total last year. Wayne shot 331 and Hastings 341.

In tennis, the Plainsmen blanked Wayne 5-0 with a 42-game set between Dick Watt of Wesleyan and Robie Myers of Wayne the feature.

GIANTS ROUT PIRATES 14-4

(Continued From Page 13)

They scored 4 in the 4th and 6 in the 6th.
Sanford, never in trouble, had a 3 hitter going into the 7th when Bob Skinner's 3rd homer of the year high into Seals Stadium's bleachers scored Ted Kluszewski who had doubled. Pirate catcher Smoky Burgess tripled in the 8th and came home on Kluszewski's second double.

Pinchhitter Dick Stuart homered in the 9th with none on, his 4th of the season for the Pirates.

Dodgers Outlast Phillies

Los Angeles (AP)—The Los Angeles Dodgers came from 6 runs back and edged the Philadelphia Phillies 11-10 Monday night, scoring the winning run on pinch-hitter Norm Larker's squeeze bunt in the 9th inning. It was one of the longest 9-inning games in National League history.

The victory kept the Dodgers in second place, a half-game back of the Milwaukee Braves.

Larker's bunt scored Don Demeter, who had opened the inning with a double off the left field screen and had advanced to 3rd on John Roseboro's sacrifice.

Ray Sempach had relieved Jim Hearn with one down and the bases loaded and threw just one pitch—and Larker laid it neatly down to the left of the pitcher's mound. No play was made at the plate.

Art Fowler, who pitched 3 innings in relief for Los Angeles allowing one run was the winner. He is 3-2.

'I Just Forgot To Duck, Dad'

Sometimes it isn't easy to explain away a shiner like this dandy sported by Greg Moore. It just so happens, however, that the sturdy 9-year-old had a good reason this time. Gesturing with his glove, Greg lets Dad know a high hard one got away from him in a baseball game. It's all in the game though, and, after all, isn't baseball the greatest game in the world?

State Loop Launches Annual Ticket Drive

Lexington (UPI) — The Nebraska State League, the nation's pioneer all-rookie pro circuit, launched its annual pre-opening season ticket sale Monday, according to league secretary Ernie Quim Meyer.

State Loop Launches Annual Ticket Drive

Each of the six towns in the loop must sell 500 of the \$10 30-ticket booklets to meet 5,000 guarantees to their major league sponsors.

This will be the first season the league has operated with only 6 teams. Lexington and Superior lost their franchises during the winter.

Quim Meyer said the players would begin arriving in Nebraska sometime in mid-June. He said Art Mazmainian would pilot the Grand Athletics, Leo Schroll the Hastings Giants, Frank Parenti the Holdrege White Sox, Randy Gumpert the Kearney Yankees, Bill Steineke the McCook Braves and Mark Wylie the North Platte Indians.

A final pre-season league meeting will be held during the week of June 21. The action starts Sunday, June 28. Quim Meyer said he has

North Platte Picks Barnes Track Coach

Lincoln Star Special

North Platte — Continuing efforts to regain a spot as a Nebraska high school athletic power, North Platte Monday named Larry Barnes as head track coach. He will assist in other sports.

Barnes replaces Duane Luebe, football and track coach who resigned earlier. It is the first time a track coach at North Platte has not doubled in another sport.

Barnes, from Sterling, Colo., has spent the last two years playing end, tackle and fullback for the San Francisco 49ers. He graduated from Colorado State University at Ft. Collins, where he was All-Skyline Conference in 3 sports. He played in the Blue-Gray all-star football game his senior year.

Bob Easter, a North Platte and University of Oregon graduate, had previously been named head football coach. Jim Smith, Kansas State, will start his second year as basketball coach.

HUSKER FROSH TIP COLORADO

Nebraska's freshman track team beat Colorado's frosh in a postal meet, 84-46.

The results:

100-yard dash—1, Cross, N. 9.2; 2, Keane, N. 10.1; 3, Tie between Heath, C. and Olander, C. 10.2.

Palmer Makes Putts Count For OC Crown

Oklahoma City (AP)—Former Masters champion Arnold Palmer made his putts when they counted Monday and won the Oklahoma City Open golf tournament with a final round 69 and a 72-hole total of 273.

It was the 13th major championship for the sturdy 180-pound Ligonier, Pa. sharpshooter in a 5-year professional career. He won the \$3,500 first prize with a 15 under par performance over the Twin Hills Country Club course which plays 6,640 yards with a par of 36-72.

Bob Goaly of Crystal River, Fla., made a run at Palmer in the final 18 and finished with a 67 for a 275 total. This gave him runner up honors with a 1-stroke edge over young Tommy Jacobs of Whittier, Calif., who had a 276.

Palmer's putting was sour through the early stages of the final round but with the pressure on down the stretch, he rolled in key putts on the 16th and 17th holes. This enabled him to maintain his edge over the ever-challenging Goaly.

On the par-5, 537-yard 16th, Palmer dropped in a curling 10-footer for a birdie 4 but Goaly duplicated it with a 4-footer to stay within 2 strokes of the leader going to the 17th.

It was on this par-4, 339-yarder that Palmer provided the clincher, knocking in a 22-foot side-hiller for another birdie to the delight of a large gallery, estimated at 5,000. Goaly then missed an 8-footer in his birdie attempt and saw his chances of catching Palmer go astray.

On the tough par 4, 18th Palmer played short of the

TASTE THE GREATNESS

...of the first real bourbon

MARK TWAIN according to a biography, once ordered 25 barrels of Old Crow for his favorite tavern, Klaproth's in Elmira, N. Y.

Time has left its seal of approval on this superior bourbon. Old Crow won the popularity of young America 124 years ago, and today it is still the nation's favorite!

Lincolmites Champs At KC Meet

The Lincoln Rifle and Pistol Club shooters topped a field of approximately 150 shooters from several states, including a large number of Army shooters, over the weekend at the "Spring Pistol Shoot" at Kansas City, Mo.

John Conover of LeMars, Ia., and a member of the Lincoln club, won the grand championship with a score of 2572.

In the individual shooting events Conover won the .38 caliber aggregate, the .38 caliber aggregate, the .38 master in the .38 caliber timed fire, second master in the .22 caliber timed fire and tops in the .45 caliber rapid fire.

Floyd Flader of Lincoln was winner of the .45 caliber aggregate and was 3rd in the grand championship.

Al Mart of Lincoln won second high police championships in the grand overall and individually won first master in the .38 caliber aggregate and first master in the .38 caliber rapid fire.

Constance Rollins of Lincoln won second sharpshooter in the .22 caliber slow fire and first sharpshooter in the .38 caliber timed fire.

John Rollins, Sgt. Shindelar of the Marine Corps and Joe Kosmacek of Lincoln also competed in the individual matches.

The club team won second in the .38 caliber and second in the .45 caliber, among the 12 teams competing.

Mile Field May Take State Meet Spotlight

TRACK LEADERS
100-9.9 by Roger Savers, Omaha Central.
200-21.8 by Roger Savers, Omaha Central.
400-51.6 by Tom Saunders, Columbus.
800-2:09.4 by Bud Bettin, Norfolk.
1600-4:41.1 by Ray Faust, Atkinson St. Joseph's.
3200 high hurdles-14.6 by Bob Hohn, Beatrice.
1600 low hurdles-19.7 by Bob Hohn, Beatrice.
800 yard relay-1:32.3 by Omaha Benson Rich Ferron, Dave Schneider, Lloyd Cardwell, Steve Pribrorsky.
1600 yard relay-3:32.4 by Omaha Tech Rembra Jackson, Curtis Pruitt, Claude Spencer, James Fowler.
Two-mile relay-8:29.4 by Lincoln Northeast (Jerry Withersby, Allen Neumann, Russ Miller, Glen Heiser).

By Al Beebe
A banner mile run field may well take the spotlight in this week's state track and field meet at NU Stadium.

A total of 8 runners have now run the 4 laps in less than 4:40, more than have bettered that mark in Nebraska's prep history.

The leading mark, 4:34.1 by Ray Faust of Atkinson St. Joseph, ranks 9th in the all-time list. Faust, the 1958 Gold Medal winner with 4:38.3, edged Ted Widhalm of Norfolk Sacred Heart by a stride in the district.

The Class C mile field is particularly well loaded. Faust and Widhalm face competition from Dave Blankenbaker of Red Cloud, 4:39.1; Dan Vogler of Louisville, 4:41.1; and Joe Fanning of Wauneta, near 4:42.

Class A has 4 of the top milers, led by defending champ Ray Stevens of North Platte, who has done 4:38 this season. Also on tap are Dennis Taylor, Omaha North, 4:38.2; Dick Ripley, Lincoln High, 4:39.5; Jack Clair, Lincoln Southeast, 4:39.6.

Other top Class A mile contenders include Paul Ace-

vedo, Scottsbluff; Leonard Schwenneker, Omaha Central; Russ Godbersen, Bellevue.

Class B has Dean White, with a 4:39.1 to his credit, as the standout favorite. David City's Lynn Ostermier has clocked 4:40.4, but passed up the mile for a try at the 880.

Don Peterson of Papillion should give White a push.

Only Class D is without a top 10 miler, but there are several who are near leading ranking. Actually, Faust is from a Class D school, but Atkinson St. Joe has stepped up a class in order to give him stiffer competition.

Widhalm provides that competition, and has been acting as Faust's pacer, although involuntarily. In two meetings this year, Widhalm has led nearly all the way, only to lose by a stride to Faust's finishing kick.

Blankenbaker, Vogler and Fanning have not had such competition this year, and could prove surprises to Faust.

Faust's mile effort was one of 4 new leading times posted in district meets last week. Two of them were by the previous leaders. Tom Saunders, Columbus, lowered his 440 time to 51.0 and Bud Bettin, Norfolk, cut his 880 mark to 2:00.4.

The other new leader is Lincoln Northeast's 2-mile relay team, which returned to the top spot it held earlier in the season with an 8:29.6 mark.

The track event leaders:

9.9. Roger Savers, Omaha Central.
10.0. Steve Pfeiffer, Lexington; Clinton Skinner, Elsie; Larry Lennox, Gordon; Jerry Vontian, North Platte.
10.1. Jim Levy, Lincoln Southeast; Jerry Taylor, Stuart, 10.2. Max Worley, Alliance.
10.2. Earl Litterer, Hemingford; Roger Merchant, Polk; Kent McClellan, Broken Bow; Dick Goe, Columbus; Earl Litterer, Hemingford; Allen Werts, Arapahoe.

21.8. Roger Savers, Omaha Central.
22.1. Jerry Workman, North Platte.
22.4. Kent McClellan, Broken Bow; Steve Pfeiffer, Lexington.
22.5. Rod Brethower, Imperial; Max Worley, Alliance.
22.6. Earl Litterer, Hemingford.
22.7. Clinton Skinner, Elsie; Bill Trowbridge, Omaha Westside; Sid Mick, Scottsbluff.

400 Yard Dash
51.0. Tom Saunders, Columbus.
51.1. James Johnson, Boys Town.
51.6. James Fowler, Madison.
52.0. Delbert Wyland, Hemingford.

Capitol Beach Track Shifts Hands

A lease on the auto race track at Capitol Beach has been sold by Rocket Speedways, Inc., to Lincoln Speedways, Inc., included in the lease is the grandstand and other physical properties at the track.

The price of the lease was not disclosed.

Incorporating as Lincoln Speedways are D. William Smith, president; Bob Lundberg, vice president; and Paul F. Saenz, secretary. The Rocket Speedways corporation was the property of Dwayne Kushner, Jack Singer and Nate Bernstein.

According to the new owners about \$5,000 is being spent to renovate the 7-year-old auto race grounds. Painting,

construction and earth moving will be completed before the track is opened.

A steel and wooden guard rail is being constructed to encircle the entire 1/4-mile racing oval. Behind the rail will be placed an 8-foot high fence.

General manager Bob Lundberg said that a new and much faster type of racing car will compete in this year's

contests. The new rules at the track will permit any safe body on the car with any American production engine, modified to any degree desired.

Rocket Speedways discontinued races at mid-season last year after a driver boycott.

No Shot Put Record

Tom Fitzgerald of Alliance St. Agnes did not set a new district Class C shot put record, as previously reported. Fitzgerald was credited with a 53-3/4 effort by mistake.

Fitzgerald's actual throw, 50-3/4, is below the 52-7 record held by Larry Shepperd of Springfield.

59 FORD

The world's most beautifully proportioned STATION WAGONS

Come see America's No. 1 wagons at your FORD DEALER'S

O'SHEA ROGERS MOTOR CO. 2-2853

If You're Interested in an A-1 Used Car—Be Sure to See Your Ford Dealer—

You name it... FORD's got it!

Meet 6 special cars for special people from America's station wagon specialists. Pick your station wagon from these stars! For no matter what you need in a wagon, Ford's got the one that fits you best!

HARDTOP STYLING! Beauty, anyone? Only Ford wagons give you Thunderbird elegance and hardtop styling. And good looks are only one reason why Ford has been the wagon leader for 30 years.

OVER 13 CUBIC FEET MORE CARGO SPACE! No matter what you want to tote—from picnic lunch to 9-foot boat—it's a cinch in a Ford wagon.

EASIEST TO LOAD AND UNLOAD! Only Ford in its field lets you open and close the rear gates with one hand.

ALL SEATS FACE CONVENIENTLY FORWARD! Only Ford wagons in their field let everybody look ahead. You don't have to crawl over the tailgate to the third seat... no one's blinded by headlights from cars behind.

YOUR CHOICE OF THE GREATEST GO! Pick your own power team from three Thunderbird V-8's or the Mileage Maker Six... and four transmissions.

TAILORED TO YOUR BUDGET, TOO! You start saving the minute you buy your Ford wagon... for Ford offers the lowest-priced wagon of the most popular three. And you save every mile because Ford gives extra savings on gas, oil, and upkeep!

9-PASSENGER COUNTRY SQUIRE
This handsome 4-door, 9-passenger wagon neatly fills any bill, from Sunday calling to Monday hauling.

U.S. Testing Chutes Which Will Drop Manned Satellite Back From Space

El Centro, Calif. (UPI) — America's first manned satellite will drop back from space with two parachutes currently undergoing bomb tests from cargo planes here at the naval parachute test station.

The two 'chutes, the main one 63 feet in diameter and a smaller one 6 feet across, comprise the major part of the landing system designed by Northrop Aircraft for the "Project Mercury" capsule.

The landing system is built for double duty — it must provide a means of escape for

Accident Brings Suits For \$100,000

Damage suits totalling \$100,000 were filed Monday in Lancaster District Court by Mr. and Mrs. Ray Reynoldson of Eagle against Christopher S. Sawyer of Murdock.

Mrs. Reynoldson alleges she suffered fractures of the shoulder and hip when the car in which she was a passenger was in collision with a car driven by Sawyer about 12 miles east of Lincoln Jan. 17, 1958. She asks \$75,000 damages.

Her husband filed a suit asking \$25,000 damages for loss of her companionship.

Retiring Wesleyan Professors Honored

Miss Ethel Booth, professor of English, and Miss Marietta Snow, professor of modern languages, both retiring from the Wesleyan University teaching staff in June, were honored at the final faculty dinner Monday. Both are graduates of Wesleyan. Miss Booth has been on the staff since 1914 and Miss Snow, since 1922. Pictured (from left) are Dr. Sam Dahl, dean of the college, Miss Snow, Miss Booth, and Dr. Vance Rogers, Wesleyan president. (Star Photo.)

ACT Forms To Deal With Human Relations Cases

ACT—Action Coordinating Team — became a reality Monday with the unanimous adoption of a constitution and election of officers to head the group formed to deal with human relations problems in Lincoln.

Mrs. Ed Weaver Jr., formerly acting chairman of the group, was named as chairman.

Other new officers are: Dr. Leroy Laase, vice chairman; Mrs. Frank Lundy, secretary; and Sam Davidson, treasurer.

In an organizational meeting Monday, about 45 representatives of Lincoln church and civic groups interested in the new organization, voted for a constitution which would give each organization a vote in ACT sessions, and would allow non-voting individual

members to participate in discussions and committee work.

The group organized the following committees and appointed chairmen: community information, Mrs. H. F. Rhoades; public accommodations, Miss Irene Dean; financing, Mrs. Richard Hitz; employment, the Rev. Herbert Ford; Housing, Leonard L. Peterson, and special practices, Julian Lyons.

An open invitation to all interested individuals and organizations wishing to participate in community action to improve racial relations was extended by the group for its June 8 meeting.

Election of a member-at-large to represent the individual members not attached to organizations was postponed until the invitation could be extended to enlarge the membership.

The Monday meeting also included a short program on methods of answering bigoted remarks against minority groups. Role-playing sequences demonstrating some of the methods which might be used were supervised by Mrs. A. F. Daland.

Mrs. Weaver

3-Year Term For Violation Of Probation

Gerald J. Stensurd of Northwood, Ia., pleaded guilty Monday in Lancaster District Court to violating the probation on which he had been placed on a robbery charge Jan. 22 and was sentenced to 3 years in the Men's Reformatory by Judge Harry A. Spencer.

Stensurd, 16, had originally pleaded guilty with another youth to robbing the Major Oil Service Station south of Lincoln Dec. 2, and had been placed on 4-year probation.

But Stensurd allegedly violated his probation by joy riding, and he was brought back into court and sentenced on the original robbery charge.

Victim Of Bar Shooting Gets \$9,000

A Lincoln woman seriously injured when shot 5 times at a local bar Oct. 1, 1956, was awarded a \$9,000 default judgment in Lancaster District Court from her assailant.

The woman, Mrs. Lillian Suckstorf, 41, was hospitalized nearly a month from wounds she received when shot with a .22 pistol by Roger Virgil, 31. He told police at the time that he shot her because she would not marry him.

Virgil is now serving a 10-year State Penitentiary term after pleading guilty to a charge of assault with intent to kill, wound or maim. He did not appear in court to contest the civil suit against him.

17 Scouts Advance At Christ Methodist

A Mother's Day Court of Honor at Christ Methodist Church advanced 17 scouts of Troop 21 Monday night.

Advanced to the rank of Life Scout was Bill Woodard. Rob Osborne was advanced to Star Scout. In addition, three First Class, four Second Class and three Tenderfoot advancements were given.

Mothers of the Scouts received pins corresponding to their son's rank.

A total of 43 merit badges were awarded, including 31 for First Aid.

Barrett Confirmed

Washington (AP)—The Senate has confirmed by voice vote President Eisenhower's nomination for former Sen. Frank A. Barrett (R-Wyo) as general counsel for the Agriculture Department.

It likewise confirmed his nomination as a member of the board of directors of the Commodity Credit Corp.

From HELL It Came

Mother, 2 Small Daughters Found Dead In Farm Garage

Lincoln Star Special
Geneva, Neb.—Triple funeral services for a Geneva farm wife and her two small daughters will be at 2 p.m. Tuesday at the Congregational Church.

County Attorney John Gewacke said Mrs. Earl Koehler, 40, took her own life

soning was accomplished by running a hose through the rear window of the car and letting the motor run, the county attorney said. At the time the bodies were found, the motor on the car had stalled.

Mrs. Koehler, a lifetime resident of the Geneva vicinity, was a member of the Congregational Church. In addition to her husband, she is survived by her parents, Mr. and Mrs. Pfingston of Sidney; 3 brothers, Willard Pfingston of Gardena, Calif., Walter Pfingston of Geneva, and Andrew Pfingston of McCool Junction; and a sister, Mrs. Thelma Blanke of Sidney.

State's Wheat Outlook Still Climbing

By The Associated Press
The U.S. Department of Agriculture Monday forecast a 1959 Nebraska winter wheat crop of 91,364,000 bushels, about 5 million bushels above the outlook a month ago.

It was the second straight month that the government forecasters had upped their estimates of the Nebraska crop.

Monday's forecast, which represents 28 bushels an acre, compared with 86,700,000 bushels forecast a month ago and 83,232,000 in the initial forecast last December.

Last year's bumper crop amounted to 113,355,000 bushels or 33 bushels an acre, still far ahead of the present crop based on Monday's forecast.

U.S. Forecast Down
For the Nation the government forecast this year's winter wheat crop at 956,614,000 bushels. This would be 19% less than last year's record harvest and 17% more than average.

This prospective reduction from 1958 was attributed to less favorable weather than a year earlier. It did not ease pressure on Congress to come up with new legislation to deal with a big surplus.

The Eisenhower administration has called the wheat surplus the nation's No. 1 farm problem.

With a spring wheat crop of 254 million bushels indicated, the total spring and winter crop would be about 1,211,000,000 bushels. While this would be a reduction from last year's record harvest of 1,462,000,000 it would add to the existing reserve and surplus supplies.

Market requirements have been forecast at slightly more than one billion bushels.

This year's crop will be supplemented by a record large reserve and surplus totaling 1,285,000,000 bushels, most of which is held by the government under price support.

and the lives of her daughters, Sharon Sue, 8, and Diane Kay, 4, in their gas-filled family car.

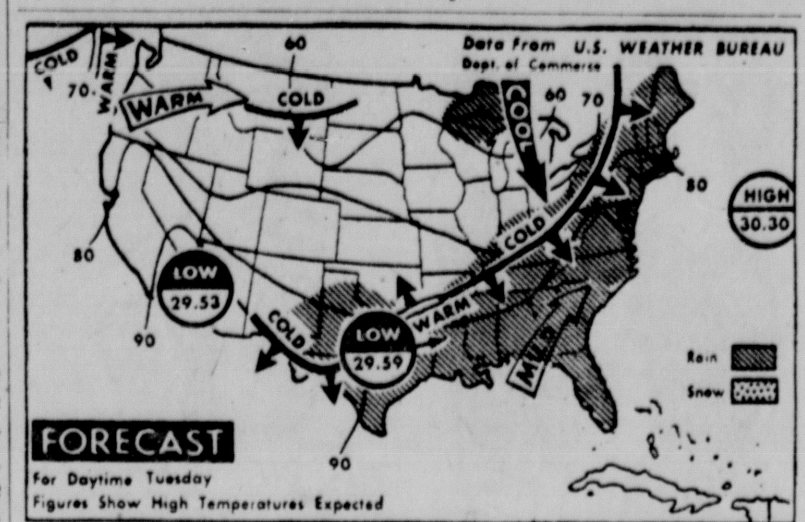

The bodies were found by Earl Koehler when he returned to the family's new ranch-style home on a farm 6 miles east of Geneva.

With Koehler when he discovered the tragedy in the Koehler garage Saturday evening was his father-in-law, Fred Pfingston of Sidney. The two had been in Lincoln earlier in the day.

News of the deaths was not made public until Monday afternoon, an Associated Press dispatch stated. Fillmore County Sheriff Albert Tobiasen had declined comment on first reports, the AP said.

Family friends reported Mrs. Koehler had been ill. The two girls were the couple's only children.

The carbon monoxide poi-

Little Change In Temps Forecast
Rain will be widespread Tuesday from Texas eastward up through New England and in the upper Great Lakes region. Warm temperatures will continue along the northern Atlantic Coast states. It will be warmer over the northern Plateau and Pacific northwest; cooler over the lower Lakes region. Little change in temperatures is expected elsewhere. (AP Wirephoto Map)

Moravec Dies From Injuries

Exeter, Neb. (AP)—Funeral services will be held at St. Stevens Catholic Church here Tuesday for Anton Moravec, 54, of 1423 P street, Lincoln who died in an Omaha hospital Friday night.

Moravec had been injured in a 5-foot fall from a scaffold March 18.

Moravec, who worked for a scaffolding firm, was working as a carpenter on the Omaha South High School addition, removing some forms.

No Witnesses
No one saw the accident and a company spokesman said it was not known whether he was hit when something fell, either while he was on the scaffold or afterwards.

Moravec was hospitalized for a head injury.

A resident of Lincoln for about 10 years, he is survived

soning was accomplished by running a hose through the rear window of the car and letting the motor run, the county attorney said. At the time the bodies were found, the motor on the car had stalled.

Anselmo High Will Continue

Anselmo, Neb. (AP)—Supt. William Gallagher said Monday that Anselmo will continue to operate a high school next term.

The question was put up to voters who favored keeping the school, 90 to 33.

The vote was prompted by the prospect of a substantially increased mill levy.

The present school levy is 79.84 plus 8 mills for bonds. Gallagher said an increase of about 28 mills is indicated for next year.

However, he said the size of the levies is balanced somewhat by relatively low evaluations.

The need for a levy increase was brought about when 3 rural districts, which contracted with the Anselmo district to teach their grade school children, were dissolved, Gallagher said.

These districts have not indicated they wish to join Anselmo with the present mill levy.

SEE YOUR QUALITY BUICK DEALER...AND Get inside the clean winged beauty of Buick '59

Watch Dale Robertson in Tales of Wells Fargo on NBC-TV Monday Nights

Along with the most talked about style on the road today goes performance new even to owners of previous Buicks... and too great for you to miss.

But that's far from all these owners tell us. They talk about new operating economy from the most efficient power plant on the road today. About quality of finish and detail, and of quietness that even beats the best of Buick heretofore. They speak of reliability... and they speak of the pure pleasure of owning a Buick '59... in ways that warm the heart.

But the best spokesman for Buick '59—and what it can do for you—is a Buick itself. Why not go to your Buick dealer and get the inside story, today?

Authority Asked For Higher Education Study

Nebraska's Legislature was asked Monday to authorize a Legislative Council study of higher education in the state. Resolution No. 33, carrying

the request, was introduced by Sens. Richard Marvel of Hastings, George Syas of Omaha, Norman Otto of Kearney, Fern Hubbard Orme of Lincoln, Joseph Vosoba of Wilber, Georges Gerdes of Alliance and David Tews of Norfolk.

The proposed study would cover:

Gassy?

3 Times Faster Relief
Certified laboratory tests prove BELL-ANS tablets neutralize 3 times as much stomach acidity in one minute as many leading digestive tablets. Get BELL-ANS today for the fastest known relief. 35¢ at drugists. Send postal to BELL-ANS, Orangeburg, N. Y. for liberal free sample.

1. The facilities, faculties and enrollments of the institutions of higher education, both public and private, and their relationship to each other and the total picture of higher education in this state.

2. Anticipated educational needs for the next 10 years.

3. Methods of financing those needs during the 10 year period.

No recent study has been made, the resolution observed, "toward the eventual goal of the establishment of an integrated plan for considering the higher educational needs and facilities of Nebraska."

No immediate action was taken on the resolution. The resolution specified that the Legislative Council study committee be authorized to use professional survey personnel.

Sen. Marvin Lautenschlager of Grand Island subsequently added his name to the resolution as co-introducer.

Council To Meet Thursday To Discuss Director Poses

By Virgil Falloon

The City Council with its two new members is scheduled to meet informally Thursday afternoon to prepare for the appointment of city directors and organization of the new council next Monday.

Mayor-elect Bartlett E. Boyles and Councilwoman-elect Helen G. Boosalis will meet with Councilmen Del Tyrell and Kenneth Lewis, newly-elected incumbents, and Councilmen Hugh Thorne, C. W. D. Kinsey, and Al DuTeau, carryover members.

Beginning next Monday, the city will have 5 directors with charter status instead of the present 3 — finance, public works, and public safety and welfare.

The new directorships will be for planning and for personnel.

Brogden Recommended

Douglas Brogden, resident planning engineer since 1954, has been recommended by the City-County Planning Commission for the newly-created post of Planning Director.

Brogden, now associated with Harland Bartholomew & Associates, would leave the planning firm to accept the city post.

Personnel Director Ray Ramsay is expected to remain in the post now elevated to charter status. However, the Personnel Board has been enlarged from 3 to 5 members by new charter changes and the Council must reorganize the board.

Berg To Retire

In the present directorships, Finance Director Theo Berg is the only retiring director—having announced his intent to leave public service after 40 years.

City-Coordinator James Mallon, who is also city auditor, is considered the likely successor to the finance directorship.

Public Works Director D. L. Erickson and Public Safety Director Emmett Junge have been reappointed to their posts in the past.

Appointment of the directors is made by the mayor with concurrence of the council. However, the procedure is selection by both the mayor and council.

Boyles To Make Pick

The only position expected to create new attention is that of city coordinator, now held by Mallon.

While selection of the new coordinator requires the concurrence of the Council, Mayor-elect Boyles is expected to be given a relatively free hand in selecting a person for the post.

Since the post was created, the co-ordinator has served mainly as administrative assistant to the mayor and indirectly to the council.

The mayor possesses few powers not also held by each councilman, though by common consent past councils have delegated considerable executive authority to the mayor.

Mayor-elect Boyles, who is on a brief vacation, is expected to return Wednesday to Lincoln.

48th, Walker Site Offers All 'Too Low'

The City Council Monday rejected the high bid of \$16,100 for the city-owned 48th and Walker property as "too far below" its estimated value.

City Clerk Theo Berg reported that Ted R. Pulos submitted the high bid in an auction held last Friday.

Councilman Hugh Thorne urged that a professional appraisal of the property be made before further sale attempts are made.

An estimated value of \$35,000 had been put on the property by city officials. Proceeds from its sale are to be used to construct a street department building on another site.

It was the second attempt to sell the property. The first resulted in no sealed bids being received.

Cost of the unsuccessful auction attempt was \$200 plus advertising, city officials said.

Sever Bond Interest Rate Approved

The low-bid interest rate of 3.7981% on \$500,000 worth of sanitary sewer revenue bonds was approved Monday by the City Council.

Finance Director Theo Berg recommended John Nuveen & Co., Chicago, and Wachob Bender Co., Omaha, as sub-

mitting the low net interest cost of \$388,066.25 on the 30-year bonds which will be fully retired by 1990.

Public Works Director D. L. Erickson noted that the interest rate was 0.25% lower than on the original \$2.5 million sanitary sewer bond issue of 1957.

The new issue plus \$300,000 remaining in the sanitary sewer fund is to be used to finance the proposed \$800,000 Salt Creek interceptor sewer main from 4th and N to the State Penitentiary area near 14th and Pioneer.

While \$3.5 million in bonds have been authorized for the program, the sewer use revenue has permitted the issuance of only \$500,000 additional bonds, as approved Monday.

Construction bids on the \$800,000 sewer project are to be received Wednesday.

The Nuveen and Wachob Bender bid was the lowest of the 4 bond bids received. The other bidders were:

Chiles-Schultz Co., Frantz Hutchinson & Co., National Company of Omaha, and Ellis Helms & Co., Lincoln, on a rate of 3.84875% and net interest cost of \$401,396.25.

Kirkpatrick-Pettis Co., Omaha and Stern Bros., Kansas City, on 3.996% and \$414,675.

First Trust Co., Lincoln, and C. H. Rabel & Co., on 3.99375% and \$414,000.

University Terrace Plat Read Twice

The final plat of University Terrace subdivision west of 44th between Greenwood and Gladstone was given two readings Monday by the Council in preparation for final reading next Monday.

Herbert Heumann of A&H Realty Co. said the proposed plat "is the most satisfactory residential development that can be made of the tract."

However, City Engineer Carl Fisher said the area's drainage would need an underground storm sewer system eventually.

"It would cost an estimated \$20,000, which would undoubtedly become a municipal responsibility," he said.

Heumann said that two drainage channels will be provided by the developer, but Fisher said they would have to be considered for permanent improvement when the Northeast radial highway is constructed.

In other action, the Council

Local business zoning for a 16.9 acre shopping center in the proposed 70-acre Bishop Heights residential subdivision was approved by the City Council with a 6-0 vote Monday.

Atty. Lloyd J. Marti urged an immediate Council vote on the zoning matter which had laid on the table since the April 27 public hearing.

"You're only voting on the business zoning," Marti told the Council. "The Council can still juggle the street plan or anything else in the subdivision before approving the final plat."

The Catholic Bishop of Lincoln Inc. had proposed the residential subdivision and shopping center in the 70-acre tract lying between Calvert and Pioneer, 27th and the Rock Island railroad tracks.

"Great Demand" Urging Council approval, Marti said there is a "great demand for building lots. If we can't get the zoning, there will be no residential development. You will be delaying people who want to build."

It was pointed out that the Council must take action on the zoning matter no later than next Monday. If not passed then, as part of the old Council's business, it would have to be introduced before the new Council which organizes next Monday after the old Council finishes its business.

Councilman Kenneth Lew is questioned if some readjustment of the street layout for the shopping center could be made.

"That's not before the Council now," Marti said, "but we feel a satisfactory solution can be worked out in the final plat."

Wanted Delay Two weeks ago, Mayor Bennett Martin had indicated a vote on the zoning matter should be delayed until a full Council could be present.

Councilman Al DuTeau was not present Monday, but Councilman Pat Ash will be gone next Monday when DuTeau returns.

In other action, the Council gave two readings to a number of special district ordinances so that final read-

also gave these plats and zoning ordinance two readings for final consideration next Monday.

Final plat of Herbert Bros. Park Plaza subdivision near 10th and Vine. Woods replant of 4 lots in Marston Manor.

Proposed two-family dwelling district between Folsom and Calvert near the Lincoln State Hospital.

15,445 City Trees Now Trimmed

Park Supt. James Ager reported that 15,445 trees or 18% of Lincoln's 85,000 street trees have now been trimmed with the completion of the 1958-59 program.

The City Council was told that the 8,945 trees were trimmed this season at an average cost of \$4.61 per tree for labor.

This was less than the \$5.22-per-tree cost for the 6,500 trees trimmed in the 1957-58 season.

\$40,900 Appropriated

Ager said that \$40,900 was appropriated for this season, but the final expenditure for labor was \$41,251.77. The 1957-58 appropriation was \$33,900.

Ager expressed the "sincere hope" that the trimming program is continued until the entire city is covered.

It was estimated the program will take 11 years at the present rate.

10 Years Worth

Ager said trees should be trimmed every 3 to 5 years, but that the trees are being "given a rather severe trimming to make the job last for 10 years and we should start over again."

Some trees are getting their first pruning in 17 years, Ager noted.

Areas completed "on the basis of need" during the 1958-59 season were O to Holdrege, 19th to 27th; Holdrege to the Burlington tracks, 20th to 27th; D to Summer, 30th to 40th; Van Dorn to South; 17th to 22nd; Randolph to O, 27th to Antelope Creek; Prescott to Hillside, 47th to 48th; Calvert to Hillside, 44th to 48th, and several other limited areas.

Three 5-man crews worked during the season. The trimming activity resulted in 402 loads of brush chips and 714 loads of brush.

ing could be held at the old Council's last meeting next Monday.

Given two readings were:

—Voting district for 39th from Smith to Van Dorn.

—Sewer district for 39th from F to Randolph.

—Sewer district for the Holdrege to Starr alley between 70th and 71st.

—Sewer district for Kearney Ave. 130 (two blocks) from 72nd to 73rd.

—Water district for Kearney Ave. from 71st to 73rd.

—Water district for Starr from 70th to 71st.

—Passed on 3rd reading were:

—Amendment to the zoning code to permit use of cabinet shop in 1 commercial districts.

—Local business zoning for 4727 Calvert.

ing could be held at the old Council's last meeting next Monday.

—Amendment to the zoning code to permit use of cabinet shop in 1 commercial districts.

—Local business zoning for 4727 Calvert.

Scottsbluff Phone Case Standard-Bd.

State Railway Commissioners advised Sen. Terry Carpenter Monday the commission was following an established principle when it authorized the United Telephone Co. of the West at Scottsbluff to pass on to Scottsbluff customers the cost of a \$13,600 annual occupation tax recently set by the city.

The principle is supported by an attorney general's opinion, Carpenter was told during a conference with commissioners Joseph Brown and Richard Larsen.

No hearing on the matter was held, the commissioners acknowledged.

But Brown said that if Scottsbluff interests desire a public hearing with a view to laying groundwork for an appeal to the State Supreme Court, the commission would be glad to arrange one.

Brown said the telephone firm had been authorized to pro-rate the costs of the occupation tax among Scottsbluff phone users.

'Best Ever' State Fair Predicted

Fair Board Secretary Edwin Schultz Monday said the 1959 Nebraska State Fair—Sept. 5 to 11—may be the "Best ever."

Schultz said reservations for space are already running 20% ahead of last year.

"We know it will be difficult to top last year's fair attendance record," he said, "but we think we're going to have a bigger and better exposition."

Schultz pointed out: —Total premium money offered will set another new record. Among special events scheduled is the National Registered Shetland Pony Show.

—The Lennon Sisters, who won fame on the Lawrence Welk TV show, will headline an all-star variety cast in front of the grandstand Sept. 5-8. Other acts will include Betty Johnson, singing star of the Jack Paar show; the Harmonicats; Tony Pastor and his orchestra and the Manhattan Rockets.

—Red Foley and the Promenaders will bring their Jubilee USA show to the grandstand Sept. 9 and 10.

—Other events include big car races Sept. 6, 7 and 10; a 200-lap stock car race Sept. 11; the Broadway on Parade shows Sept. 5, 8 and 9; and the Aut Swenson Thrillcade Sept. 11.

Journal and Star Want Ads

Your low-cost Want Ad appears daily in the Lincoln Journal (Evening) and the Sunday Journal (Evening) at the following cash rates:

Word	1	4	7	10
1-10	2.10	2.56	3.64	4.00
11-15	3.10	3.60	5.25	5.70
16-20	4.10	4.64	6.44	7.00
21-25	5.10	5.60	8.05	8.70
26-30	6.10	6.64	9.24	10.00
31-35	7.10	7.28	10.21	11.00

These low-cost rates apply to Want Ads which are placed for consecutive days and are paid for within 10 days after the ad expires or is canceled.

Extra charges for color plates either evening or morning Star, are 93% of the combination rates. These ads are placed under "Too Late to Classify" column.

DEADLINES FOR FAMILY WANT ADS: Lincoln Journal (Evening): Call before 10 a.m. Monday through Saturday for publication the same day. Sunday Journal (Morning): Call before 6 p.m. Monday through Friday for publication on Saturday. Sunday Journal (Evening): Call any time before 1 p.m. on Saturday for publication Sunday.

Extra charges should be checked off at first insertion and adjust errors at once. Dial 2-3333 or 2-3334.

ADJUSTMENTS: The company is responsible for typographical errors and misclassification of ads. The first day's charge on that portion of an ad that may be reclassified without charge. All ads will be classified properly.

EXTRA CHARGES: Answers your phone when you can't have this service, include your own phone number and the words "or call Ad-taker 7-7873" in your ad. Dial 7-7873 to get ad-taker's phone numbers in your advertisement.

OPPOSITE BOX SERVICE: There is a 50c additional charge for this confidential service. When using a Blind Box Number, add 4 additional words to your Want Ad copy, figure the charge from the above table and add 50c for Blind Box Service Charge.

Before we went to dinner, we had to stand in the lobby of the Mapes Hotel in Reno and take a peek at Alan Ladd. "Oh, oh, when will he be here?" she cried. "Calm yourself," I said. "Gather all the emotions of your 15 years and control them." "Oh, but Daddy! Alan Ladd!"

Having been away for a month, I telephoned my child the other night. "Would you like to fly up to Reno and drive back with me?" "How dreamy!" she said. "I'll get out of school." Well, that was not exactly what I meant. But we must get along with what crumbs of tenderness fall our way. She flew up. I met her at the airport. We went to the hotel. She disappeared into her room. For hours I could hear the radio—tuned to a—ginchy. I believe is the word—tuned to a ginchy station. "Got ta-a-a-n shoes with pink shoe laces... something, something and my, oh my."

That is a keen song and we could not get along without it. "What are you doing?" (The door was locked. We lock all doors since we are 15. Privacy.)

"Fixing my hair. I'll be done in a minute. Why don't you go downstairs and wait for me?" How early they learn these things.

That was when I told her about Alan Ladd coming.

She was out the door like a shot. "You forgot your shoes," I said, looking at her stocking feet. "Omigosh!" She hustled back and got into them.

"Will he speak to us? How does my hair look? If he speaks, what shall I say?" "Say, hello."

"Oh, you just don't understand!"

In the lobby we met Mr. Walter Ramage, the innkeeper. He said Mr. Ladd might be rounding the bend any moment, and stand by.

"Can I meet him, Uncle Walter?" (Walter is our godfather and we call him Uncle.)

Mr. Ramage, a softy for this child, said he would see that she met Mr. Ladd or he would fling Mr. Ladd right across the Truckee river.

And at this point, there was a sort of fanfare. Or anyway a great opening of doors by various people. And Mr. Ladd came in. He wore a ta-a-a-n coat with pink shoe laces—no, that tune keeps running in

my head. He wore a tan coat with a wraparound belt. He shook hands with various people. He shook hands with my daughter. She looked quite faint.

"How do you do?" said Mr. Ladd and disappeared into the dice shooting rooms.

Everything after that was anti-climax. We even had snails in butter-and-garlic sauce at Eugene's new restaurant. Eugene has been there a long time but he has a new and more stylish restaurant now with wonderful French foods.

"Do you like the snails?" She drifted back from some faraway place. "What? Oh, yes, Daddy. Thank you." "You feel all right?"

"What? Oh, yes. Yes, thank you." I worry when they get as polite as that. As though they were on the edge of the Great Beyond and were storing up practice for the angels.

"He spoke to me," she said, almost to herself. And, I swear, these were her last cherished words. For since then I have not been able to get her out of her dreamy room. Where the radio plays on and on:

"Ta-a-a-n shoes with pink shoe laces... and my, oh my!"

McNaught Syndicate, Inc.

2-State Ornithologist Meet Set At Yankton

North Platte, Neb. (AP)—Nebraska's oldest state conservation organization, the Nebraska Ornithologists' Union, will observe its 60th anniversary next week end by joining the South Dakota ornithologists for a meeting at Yankton.

WEATHER AHEAD

Nebraska temperatures for the next 5 days will average 3 to 6 degrees below normal with cool early part of week, warming trend at the end. Normal afternoon highs range from the upper 60s to lower 70s; normal morning lows from middle 40s to near 50. Precipitation will average .10 of an inch in the west to about .20 in east, occurring as scattered showers and thunderstorms mostly about the middle of the week.

Legislators Approve \$3,000 Salary For Lt. Gov. Burney

The Legislature voted 34-7 Monday to increase the salary of Lt. Gov. Dwight Burney, Republican, from \$1,744 to \$3,000 a year.

The bill, LB639, introduced by Sen. David Tews of Norfolk, carries the emergency clause which would make the pay hike effective as soon as Democratic Gov. Ralph Brooks signs it.

In an earlier test on final reading, the bill had failed to receive the 29 votes needed for inclusion of the emergency clause, but a subsequent motion to try the bill again prevailed and the measure showed up again Monday.

Two other bills ran into

"emergency clause" trouble Monday.

A bill to increase the salary of Nebraska Workmen's Compensation Court judges from \$7,200 to \$8,500 a year received only 23 favorable votes, and 19 opposition votes, on a test with the emergency clause attached. With the emergency clause stricken, the bill won 24-18 approval.

The measure, LB516, was introduced by Sens. Stanley Portschke of Lincoln and William Moulton of Omaha. In the form passed, it will take effect 90 days after the Legislature adjourns.

It took a pair of "calls of the house," a device to bring

senators to their seats, to effect passage with the emergency clause of LB388, a Sen. Terry Carpenter bill authorizing banks to maintain detached drive-in auxiliary teller offices within 2,600 feet of the main bank.

On its first test, the bill was favored 28-12. A motion to reconsider carried 29-12 and on a second try, the bill received precisely the required 29 votes, with 12 in opposition.

Other bills passed on final reading:

LB630 (Olinger, Portschke, Burbach)—providing for the licensing of cabin trailers, such as motor vehicles are licensed.

LB255 (Thompson)—clarifying laws respecting the employment and contract renewals of teachers and superintendents.

LB351 (Judiciary)—redefining domestic

corporations so as to restrict them to those organized for profit.

LB352 (Judiciary)—redefining foreign corporations so as to restrict them to those organized for profit.

LB353 (Judiciary)—protecting land titles against references and recitals as to certain instruments which should be recorded.

LB357 (Judiciary)—providing procedures for ratifying any unauthorized or defective oil and gas lease executed by any executor, administrator, guardian or trustee.

LB451 (Judiciary)—providing procedure for placing parties in status quo in re-
